## Disclaimers

1. This document is transcribed to the best of my abilities. I took it upon myself to correct obvious typographical errors, spelling errors, and punctuation to improve readability. Grammatical errors, I left alone, for reasons.

   If accuracy of the transcription is questioned: Firstly, fuck off, but then follow links from the first page to the online archives from which these were sourced. I am not including the poster IDs or the post IDs. If for some reason you need those, use the archived pages.

2. I am in no way affiliated with FBI Anon or the FBI. I have no way to vouch for authenticity. This could just be a well-done roleplaying exercise. If you want to believe anything in this document, be my guest, but I do not claim that any of it is true or false.

3. Some of the posts made included images that the poster(s) referred to. If an image is visible on the archived page, and the subject matter is relevant, I screen-clipped it and included it with the post text. If it was an image of some infographic with text that is too small to read on the main thread, I was unable to include it. These 4chan threads no longer exist, and any links I click on the archived pages lead to 404 errors. I do not possess the temporal resources or enough fucks to scour the internet for these images.

4. When a poster refers to a previous post without a direct quote or explanation of what the reference is to, I will include the text from that post above the question. If the post is to a different thread and offers no explanation as to what it is, I cannot supply the information, and will make note of it as transcriber commentary.
AMA 1
AMA about the Clinton case
July 2nd, 2016

I am a person with intimate knowledge of the inner workings of the Clinton case. I will answer as many questions as I can without giving too much away.

Question 1-001
Will the Hillary get pregnant again?

Hopefully not.

Question 1-002
Why are you on 4chan on a Friday night?

Sent home, awaiting word about the shitstorm Lynch just caused.

Question 1-003
Will she be indicted?

There is intense pressure for us not to do so. I am posting from a position of near anonymity and enough plausible deniability to evade prosecution, as we have all been given gag orders.

There is enough for her and the entire government to be brought down. People do not realize how enormous this whole situation actually is. Whether she will be or not depends on how much info about others involved gets out, and there are a lot of people involved.

Question 1-004
What reason have we to believe you?

None. It’s better that way.
Question 1-005

What are they going to talk to her about tomorrow?

Legal is asking preliminary questions about whether or not she has been coached (she has) and setting up the general line of questioning. I am a high-level analyst though, so my job is only to look at her records.

Question 1-006a

Elaborate.

Question 1-006b

> People do not realize how enormous this whole situation actually is

Can you elaborate on that?

The real point of interest is the Clinton Foundation, not the e-mail server. We received the server from Benghazi, then from the server we found data on the CF. Then we realized the situation is much worse than previously thought.

Question 1-007

> the entire government to be brought down

I very much doubt this.

She has SAP level programs on her server, which if made public, would literally cause an uprising and possibly foreign declarations of war.

Question 1-008

Let me guess “It’s real deep guys, I swear! I just can’t tell you about it because it’s secret!” You’re a liar, friend.

Believe what you will.

Question 1-009

> I am a person with intimate knowledge of the inner working of the Clinton case.

How long before you tragically shoot yourself in the back of the head from at least three feet away from two different angles, or suffer from an ulcer that decapitates you with a knife? Because people with dirt on the Clintons have a shocking tendency to jump off tall buildings and board faulty aircraft.

We are all worried about that.
Question 1-010

Would you support me killing her if you fail?
I don’t trust you, so I am preparing myself to take her out if need be.

Killing HRC would not cause this problem to go away. The problem is with the Clinton Foundation as I mentioned, which you should just imagine as a massive spider web of connections and money laundering implicating hundreds of high-level people. Though I do not have a high opinion of Hillary, she is just a piece (albeit a big piece) of this massive shitstorm.

Question 1-011

Do you think the DOJ will protect Hillary like Holder did for Petraeus?

The DOJ is most likely looking to save itself. Find everyone involved in the Clinton Foundation, from its donors to its Board of Directors, and imagine they are all implicated.

Question 1-012

You don’t agree that a message has to be sent by the people to protect the sanctity of the position?

I do prefer the peaceful way, 2bh. But it’s the constant fear you’re going to fuck it up that grips me.

My opinion is the entire government is guilty of treason, which is why HRC’s death would not cease the investigation or prevent further scandals. Many, many people are involved.

Question 1-013

Will Comey resign if there is enough evidence to indict but is forced not to indict? Was Lynch saying that she will accept any recommendation from the FBI really means she knows they are not going to indict?

There already is enough to indict. Comey has been trying to stall because he does not want to face the Clinton Machine, as well as the rest of Washington D.C. But this case would explode into a million other cases if fully brought to light, and then we would be one agency competing against the entire government and a hoard of other interests. It is a very tense and uncomfortable position.

What Lynch is saying is she will accept whatever they do and make her determination as she will. Nothing about her responsibilities has changed, she is simply trying to keep her hide intact.

Question 1-014

If you don’t prosecute, what with her blatantly admitting to breaking 4 laws on the Rose Garden, what message will that send to the public?

We have no power to prosecute, we simply hand over the data to the DOJ for them to prosecute. And we do not have the authority to hand over all of the data because of its sensitivity. And some of the data will lead into other cases of corruption.
**Question 1-015**

Do you fear for your life?

Yes.

**Question 1-016**

What are the chances of an indictment before the election?

Before the Clinton-Lynch meeting, I would have said 0%. Now it looks more likely because the public now sees the Clintons trying to cover their asses. More questions will add pressure for the investigation to continue.

**Question 1-017**

Pretty sure the judge just said she would follow your recommendation without question today...

Making a recommendation is not the same as actually prosecuting. We only say “here is the data, you need to get XYZ” and then the DOJ acts.

**Question 1-018**

Will we really see mass resignations and leaks if nothing happens? Or is that all just bluster and hearsay?

Foreign powers are in possession of some of the documents we have analyzed, because they were hacked from the Clinton server. Trump has some files as well, and likely plans to leak them and use them to his advantage soon.

The leaks will have to be made in a non-transparent fashion.

**Question 1-019**

"Making a recommendation is not the same as actually prosecuting. We only say “here is the data, you need to get XYZ” and then the DOJ acts."

I’m aware, but if you recommend to prosecute, she said she would.

If you don’t public trust will be eroded at this point. Too much is out in the open.

If we recommend, we literally hand over documentation implying the entire government is involved in treason at the highest levels and everyone is about to duck and cover, as well as some sensitive details of SAPs which would obliterate national security.
Question 1-020

And what happens when Vlad releases all the emails? And all the information he’s dug up from them?

I am not sure, but some of my war strategy buddies are estimating a high probability that Russia will leak all of the info they have to the world, since Clinton wants to go to war with them and they have no desire to be in conflict with the US.

Question 1-021

> If we recommend, we literally hand over documentation implying the entire government is involved in treason at the highest levels and everyone is about to duck and cover, as well as some sensitive details of SAPs which would obliterate national security.

Most people have suspected this for a while.

What do you think will happen if you don’t recommend? Not just at home, but what will other nations do with the information that is already out there?

If we do not recommend, it will look like a cover-up and Trump will use the perception to bolster his message. I did work in PsyOps once, and Trump’s use of confirmation bias is legendary.

Question 1-022

Answer this:

Is Clinton a commie yes or no?

No.

Question 1-023

How long until we know whether you are going to recommend?

Impossible to determine at this point. We could do it tomorrow if we wanted. There are too many political players involved.

Question 1-024

What’s the deal with Bill’s health?

Just old age or something else?

Bill Clinton will likely die this year.

Question 1-025

So can you give an estimate to let me know when you guys will make your decision? It’s gotta happen soon, because if you don’t prosecute, you are potentially giving the keys to the White House to the most corrupt politician ever.

Impossible to say. The entire government is corrupt. No one is clean, not even Trump.
Question 1-026

In the near future, there will be several books, and a movie by Dinesh D’Souza coming out and they claim they will bring her down with these leaks. Will these have any effect on whether she’s indicted?

They will only have an effect on public opinion, which will help her get indicted. But I assure you, Dinesh D’Souza has nothing on her. The only person coming close is Jerome Corsi. He is putting the pieces together (loosely).

Question 1-027

Tell me the dirt on Trump.

Trump has donated to the Clinton Foundation in the past, though for fairly innocuous things like building permits and such. He is smart, so his tracks are covered well. But if any prosecutor wants to go very in-depth Trump would be brought on bribery charges. He could easily get out of the them, but he would be charged nonetheless.

Question 1-028

What do you think of this “sources say that the investigation will conclude shortly” meme?

Mainstream media is shit. Who cares what they say. They are attempting to distract by putting the focus on HRC’s emails and not the Foundation.

Question 1-029

So why are you hesitating? If you recommend to prosecute, you will at least have the perception of being trustworthy to the US public. If you don’t, a lot of people are going to know the jig is up, and the US has lost all shred of integrity. Ditto for other countries.

Why are you guys even debating letting the cancer spread? Why are you considering allowing the corruption to spread to you?

Your moral inclinations may look good on the internet, but in real life the situation is complicated. You cannot possibly ask the entire government to prosecute itself. Lynch has also given to the Foundation, and has many ties to many people she should not. Remember that Bill appointed her. She is a great prosecutor, but she did not get where she is by simply being good at her job.

Question 1-030

How do we fix this? And be we I mean you guys lmao

We have our hands tied. My message to you and everyone on this board is do not get distracted by Clinton’s e-mails. Focus on the Foundation. All of the nightmarish truth is there. The e-mails will pale in comparison.
In Trump’s case, isn’t that just an instance of the hazing/initiation into the elite by providing them with the ability to blackmail him if he goes off reservation?

I do not know of Trump’s record, but from the case he definitely knew to limit his exposure and make it only look like a donation.

Would a Trump presidency better for shit like this? I assume that he would allow you to prosecute her?

If Trump wins, HRC will be prosecuted. I have heard rumors Christie will be his AG, and Michael Flynn will be his VP pick.

Give a specific example of large scale corruption or collusion.

Saudi Arabia visits and donations to the CF. Russian Uranium fiasco. HRC and the Israel lobby, the Council on Foreign Relation. The list is endless.

Why bother then?

If you can tell that your boss and your boss’s boss are afraid to do their jobs, what’s the point? Why not half ass it, enjoy a fat government paycheck, and cover your own ass when it inevitably falls apart?

My bosses have the benefit of being in the limelight. Their disappearances or silences would be accompanied by questions. Mine would not.

Stop LARPing and give us something to work with; some good concrete examples.

I am providing as much as I can.

“So why are you hesitating? If you recommend to prosecute, you will at least have the perception of being trustworthy to the US public. If you don’t, a lot of people are going to know the jig is up, and the US has lost all shred of integrity. Ditto for other countries.

Why are you guys even debating letting the cancer spread? Why are you considering allowing the corruption to spread to you?”

See.

If this isn’t all some fanfiction, then this is a massive bomb that the FBI needs to carefully handle if they choose to recommend to prosecute.

Correct.
Question 1-037

How deep is Obama involved in all of this?

Impeachment-level involved.

Question 1-038

Does she kill people?

People have a way of dying around her.

Question 1-039

"TRUMP HAS THE FILES WHAT THE FUCK"

Must be how he's made so many predictions about Brussels and the like. He has bought special access into what's really going on with the global war on terror.

Trump has very good people advising and leaking to him.

Question 1-040a

"Saudi Arabia visits and donations to the CF. Russian Uranium fiasco. HRC and the Israel lobby, the Council on Foreign Relation. The list is endless."

We know. And by not prosecuting, you are giving these countries leverage over the US. This is the option you are discussing when you discuss not prosecuting, and you know it.

In order to not cause an upheaval lasting months or years by cutting out the cancer, you are discussing letting the US die quietly.

Question 1-040b

"There is intense pressure for us not to do so. I am posting from a position of near anonymity and enough plausible deniability to evade prosecution, as we have all been given gag orders.

There is enough for her and the entire government to be brought down. People do not realize how enormous this whole situation actually is. Whether she will be or not depends on how much info about others involved gets out, and there are a lot of people involved."

Fuck you for not doing your duty to the people, you jaded amoral fucks. You’ve blown what little trust I had left that there were still decent patriots left in the government.

You fuckers are gonna let the biggest, most corrupt cunt take the highest office in the land. You think that won’t bring this country down?

Fuck you. Fuck you. Fuck you.
I will put it to you this way: You have three choices:

A) Turn over all of the information to the DOJ, make public a recommendation, the truth comes out, the entire world realizes how much the US is meddling in foreign affairs and we go to war. The civilian population realizes how much foreign money influences our government, and a civil war begins.

B) You cherry-pick the data to implicate the people already in the eye of public opinion, so the chips fall on the heads of a select few and the whole system does not crash.

C) You do nothing and watch the unstable political climate to gauge how you will respond.

I am confident if Trump wins she will be going to jail.

**Question 1-041**

If the FBI doesn’t recommend to indict, what kind of reaction should we expect from within the FBI, will anyone resign?

Comey will likely resign in any case. FBI is being very quiet for a reason, most of us want to keep our jobs.

**Question 1-042**

Is Snowden tied up in all this somehow?

Snowden has nothing to do with any of this.

**Question 1-043**

Is this election a clever ploy by Obama to have a VP of his choosing become the president? Indict Hillary, and the VP takes over. And Trump might be a threat to this plan, hence all these attacks.

Possibly. I don’t know for sure.

**Question 1-044**

“Some autistic has already said as much.”

[Links to a 404’d copypasta]

How accurate is this copypasta, OP?

Spot-on analysis? Or fanfiction-tier?

Obama and HRC do hate each other. HRC hates black people and Obama dislikes recklessness. As far as the investigation, some details are correct. As to the outcome, no one knows.

**Question 1-045**

How many of us are on the FBI watch-list?

Truthfully, not many. The FBI is rather fond of /pol/. We study more than we investigate.
**Question 1-046**

I still don’t get how snuffing her doesn’t end the existential investigation crisis. People would just cheer it and go about their day as they elect Trump, what’s the problem? CF can be dealt with when Trump cleans house.

The problem is with the entire government. HRC is one component of that government.

**Question 1-047**

Dinesh D’Souza’s new movie will address the Foundation, right?

Most likely.

**Question 1-048**

A) Turn over all of the information to the DOJ, make public a recommendation, the truth comes out, the entire world realizes how much the US is meddling in foreign affairs and we go to war. The civilian population realizes how much foreign money influences our government, and a civil war begins.

B) You cherry-pick the data to implicate the people already in the eye of public opinion, so the chips fall on the heads of a select few and the whole system does not crash.

C) You do nothing and watch the unstable political climate to gauge how you will respond.

At bare minimum, you need to do B. If you can’t at least make examples of people, the existence of the FBI is pointless.

Start with the most corrupt, like Clinton (and, I presume Feinstein), and each year, choose 3-5 new people with any level of power to indict. Do this until people start retiring.

Don’t RICO the entire federal government. You have the option to do it slowly, so do it slowly.

But if we do it slowly, people like you will get mad that we are not working fast enough.

**Question 1-049**

Can you tell us more about the SAPs and were the classified information sent via those compromised too? Also, is Obama tied to CF in any way?

All I can tell you about the SAPs is HRC had them, and she did not have proper authority to have any of them. They were leaked to her by someone, and she did sell them to overseas donors. Possessing them alone makes her guilty of treason.

Obama is loosely tied to the CF, but much more tied in with the same people who donate to the CF.
Question 1-050

>A) turn over all of the information to the DOJ, make public a recommendation, the truth comes out, the entire world realizes how much the US is meddling in foreign affairs and we go to war, the civilian population realizes how much foreign money influences our government, and a civil war begins.

So, we can expect them not only fucking around really hard in the middle east but elsewhere too? I assume Obama also has considerable influence on the EU and tries to guide them to war with Russia (or at least Hillary does).

How much is George Soros involved in all of this?

   Russian borders, Ukraine, everywhere NATO is, the South China Sea, the Philippines, Taiwan, Hong Kong, and Africa.

   Soros is at the heart of all of this.

Question 1-051

>A) turn over all of the information to the DOJ, make public a recommendation, the truth comes out, the entire world realizes how much the US is meddling in foreign affairs and we go to war, the civilian population realizes how much foreign money influences our government, and a civil war begins.

Sounds good to me. Man the fuck up and let slip the dogs of war. If you’re as deep as you claim to be then you know that this is necessary to clean out the filth in our governments. There are no other options left other than bloodshed.

Will you stand by and watch as the world falls into the grips of tyrants? Or will you fight for freedom? Those are the only questions you need to ask yourself at this point.

   If it comes down to it, I would fight. But most of us are of the opinion that HRC will not be president, and having Trump in office makes our job that much easier. But right now we have to carefully wade through the mud.

Question 1-052

Why did BC and LL meet on the plane?

   As I stated before, BC likely wanted LL to focus on the e-mail server and shy away from prosecuting the foundation.

Question 1-053

Could the release of this information cause a Civil War in the USA?

Leak it. Do it. The day of the rope is nigh.

   Yes.
Question 1-054

“They will only have an effect on public opinion, which will help her get indicted. But I assure you, Dinesh D’Souza has nothing on her. The only person coming close is Jerome Corsi. He is putting the pieces together (loosely).”

So, that means she will try to assassinate Corsi. What happens if she succeeds?

We will go to war with Russia and possibly China if she wins.

Question 1-055

I’m not advocating for truth for truth’s sake.

Option B is the only acceptable scenario, and it needs to be done so that Trump can sweep in and clear the entire establishment of corruption. That is what are being given the chance to do. If you fail in this, you doom us to a second Rome.

Everyone already knows and suspects option A. The patriots in the deep state need to hang this shit over Washington’s head and force them to do the right thing.

We are working on Option B.

Question 1-056

What can I do?

Post about HRC everywhere you can. Focus on the Foundation. Do not let her e-mail server be the sole focus of media attention. Follow the Foundation.

Her e-mails are a small bite compared to the CF.

Question 1-057

> Mainstream media is shit. Who cares what they say. They are attempting to distract by putting the focus on HRC’s emails and not the Foundation.

To be honest, assuming it’s not all a ruse, this would be a good opportunity for us to fire up our twatters and start asking some hard questions about the Clinton Foundation publicly. The more pressure the better. The last thing I want is for everything to go back to normal for these people.

You should be doing this immediately.

Question 1-058

WHAT /POL/ IS LIKED BY THE FBI

Elaborate please?

/pol/ is an amalgamation of minds from various geographic and demographic factions. We study very intensely the ideas which emanate and gain prominence on the board, as well as which ideas other organizations try to promote which ultimately get defeated (JIDF, for example, is highly unsuccessful as making /pol/ pro-Israel). And most of us just enjoy the posts in general. We like to see how close to the truth everyone is. And we occasionally let our true nature slip.

Question 1-066

From what you’re saying, there’s no easy way of actually keeping the lid on this. It sounds like it’s reached too many eyes and ears now, and is only going to reach more. Whether you want it or not, I think you FBI guys need to full hog on this. We’re talking about the assured death of the republic if you don’t, rather than the maybe-death of it if you do.

[This guy is Canadian]

Canada has no business telling us how to run intel. Trudeau makes you all look like fools, and already his intel departments are coming to us for help doing fuck everything.

Question 1-067

Do you think Trump is a plant by Clinton to try to assure her a victory? Or was that theory all nonsense?

Trump is not a Clinton plant. He believes they are disgusting animals.

Question 1-068

What did the Foundation do?
Please elaborate.

Sold influence, intel, favors, and people to anyone willing to pay.

Question 1-069

See, and this is the problem with Washington today. You swear to defend the Constitution, which means protecting the liberties that it guarantees the American people. But here the deep state is, contemplating allowing the outright subversion and corruption of the government because “muh existing order of things”. If the corruption is as bad as you claim, then the half of these Senators and Congressmen, and possibly even the President have subverted American democracy. If they are indeed traitors, then you would have an obligation to go take care of it.

I don’t care how it’s done. The American military is one of the few I’d trust to transition us until we can elect new leaders.

If leaking data en mass destroys my country, we betray the country. If we do nothing, we betray the country. I am not disagreeing with you. I am saying the situation is more complicated when you are on the inside, and you do not have the breadth of info that I have that would make your eyes fall out of your skull if you knew what all was going on.

Question 1-077

A) Turn over all of the information to the DOJ, make public a recommendation, the truth comes out, the entire world realizes how much the US is meddling in foreign affairs and we go to war. The civilian population realizes how much foreign money influences our government, and a civil war begins.

B) You cherry-pick the data to implicate the people already in the eye of public opinion, so the chips fall on the heads of a select few and the whole system does not crash.

C) You do nothing and watch the unstable political climate to gauge how you will respond.

What are the chances of you guys not doing B but just doing A? Maybe have a redo and flip a coin or something.

A is not going to happen. Maybe if Trump gets elected.

Question 1-078

The deck has been stacked with “Obummer’s” picks, so it might not be as good a plan as it might seem.

What do you know about admiralty law being imposed on the people and the usurpation of common law?

Not likely to happen. If you remember the post by the Red Team Planner, his analysis was spot-on.

Question 1-079

>He is the kingpin.

Then start with the Kingpins. The Clintons, and Soros would be enough to let everyone else know that you aren’t fucking around.

I admire your spirit.

Question 1-080

>Thomas Sowell

The faggot that compared Trump to Hitler?

I used to respect him before that.

Sowell has documented that Blacks were actually integrating decently into American society before the welfare state began.

Question 1-081

What’s your guys’ opinion on meme magic? Kekkism?

How does Obama feel about the recent Chicago Scanner threads (thanks for ruining that btw, fun-haters) and the light they shine on his ‘fair city’?

I am not religious, so I have no opinion on Kek. But meme magic is very real, in the sense that a thought large enough to gain traction with enough minds will manifest in external reality. That’s why confirmation bias works, and why Trump has used it to his advantage.
What the fuck is a Special Access Program?
A computer program?
Or is it like a full nuclear kit thing like in movies?
Can you tell us what they do?

A Special Access Program is an intelligence program classified above top-secret. They are held on closed servers at secret locations. The only way to get one is if you are specifically read on to a program, have a need to know, then you must physically go to a location and pass through several layers of security to even look at the program. A good example in non-classified terms would be the locations and operations of our intelligence operatives around the globe, or our missile silo locations.

Any info on Sid Blumenthal? What is he doing now?

Blumenthal is attempting to get dirt on and strategize against Trump.

Is Soros an ideologue or a profiteer? He seems a bit old to be the latter.
What countries are least tainted by corruption in your opinion? Or is it the standard “HuffPo Top 10” lists like Iceland, NZ, etc...

Ideologue. Believes he and his cohorts are the answer to ending all world wars. Todd Huizinga’s book “The New Totalitarian Temptation” reveals the mindset quite adequately.

Where does Soros stand in all of this?

Soros funds, instructs, and influences every layer of US government. Right down to the tax code.

Should I be using Linux or Windows if I am to be making a twitter account and start digging into the foundation?

Also, what is with the North American Union that has been proposed by Obama?

It does not matter. Any agency can find any computer working right now. What you have to do is get lost in the noise. Do not do anything out of your ordinary behavior and you will be fine.
**Question 1-087**

How do I adequately dig in the CF and help prevent it from being forgotten?

I’m about to start googling after I post this comment but I feel like that’s naïve.

Promote and discuss it everywhere. Ask questions. Read the news on it. Post articles everywhere. Pirate Jerome Corsi’s book (so people can’t say I am shilling) because he does have some things right.

**Question 1-088**

Is the FBI in this case then entirely pro Trump I assume?

Does she have every single media outlet in American in her hands?

How strong is Angela Merkel involved in all of this? (Or Germany in general)

Most of us are pro-Trump.

HRC hates that Trump makes the media profitable, so they have to keep covering him.

Germany is not involved. Merkel likes HRC though.

**Question 1-089**

If you guys were able to get Nixon, why not Clinton?

Nixon wasn’t nearly as reckless.

**Question 1-090**

How much does Loretta Lynch know about this? Does she realize that this is much bigger than Hillary, or is she somewhat ignorant about the scope of this?

Lynch has an idea, but if she gets any more info she will have to either recuse herself or prosecute. Remember, if too much information is given it violates national security law and people have to back away.

**Question 1-091**

IF BILL CLINTON DIES WILL THAT GET HILLARY ELECTED?

HOW UNUSUAL IS IT TO HAVE YOUR OWN EMAIL SERVER IN YOUR HOME?

[Gotta love these ALL-CAPS guys...]

If BC dies it may help her, but I doubt it.

The server makes her look corrupt as fuck.
**Question 1-092**

Simply put.

Soros owns Tavistock.

Tavistock owns the government.

https://en.wikipedia.org/wiki/Tavi

Enjoy.

Someone is on to something.

**Question 1-093**

“If leaking data en mass destroys my country, we betray the country. If we do nothing, we betray the country. I am not disagreeing with you. I am saying the situation is more complicated when you are inside, and you do not have the breadth of info that I have that would make your eyes fall out of your skull if you knew what all was going on.”

Nah I get you, I’m just signaling the fuck out of this to get people reason to consider alternatives.

And what do you mean “Destroy the country”? If you destroy the federal government, state governments will step in to fill the void temporarily until new elections of a Constitutional convention can be held to lawfully change the form of the Federal government.

Yeah, shit will go south for a while. But it won’t be the absolute end of the world.

Revolutions are much longer and more violent than you think. And if a civil war breaks out, foreign powers will immediately get involved, prolonging any conflict.

**Question 1-094**

Do you know about UFO’s?

Yes.

**Question 1-095**

In the SAP wiki, the Sec. of State is given access to SAP. So, in what way did she break the law?

Sec. CAN have access. That does not mean he/she WILL. SAP is granted on a need to know basis, and HRC did not have any need to know any of the programs on her server.

Hey as long as you’re here, what do you know about Cicada?

Cicada is a Pentagon program to induct special minds to work on simulations and strategic planning for their models. A model of the entire world is under development there, several prominent economists have worked on it.

I favor repatriation, or the assignment of a state for them.

White children need their own countries, just like Asian and Black children have.

People can integrate if done in a healthy and constructive way. Not by force.

Second AMA about the Clinton case
July 2nd, 2016

I am a person with intimate knowledge of the inner workings of the Clinton case. I will answer as many questions as I can without giving too much away.

Original Thread
[Links original thread]
[Questions that are marked with an asterisk (*) were asked on the original thread and answered on this one.]

Question 2-001*

So, is the government really trying to pass stricter gun laws as a way to control us if shit gets out of hand?

100% true.

Question 2-002*

>A Special Access Program is an intelligence program classified above top-secret. They are held on closed servers at secret locations. The only way to get one is if you are specifically read on to a program, have a need to know, then you must physically go to a location and pass through several layers of security to even look at the program. A good example in non-classified terms would be the locations and operations of our intelligence operatives around the globe, or our missile silo locations.

So how did she get the SAPs out to sell them? I can just imagine that smug cunt waddling out with a USB smiling at every person she sees.

Someone leaked them to her.

Question 2-003*

How do I get your job?

Join the FBI, be good, keep secrets.
Question 2-004
Is the government really trying to disarm us incase shit hits the fan? Also, how do I get your job?

Yes. The government is terrified to do anything out of fear of revolution. As I mentioned, join FBI, be good, keep secrets.

Question 2-005*
“I’m pretty ignorant when talking about American politics, but this thread is mesmerizing. FBIAnon, how could all of this affect the South American governments? Do they have some dirt in this too?”

Please, don’t ignore me, FBIAnon.

[Link to previous thread. Content shown in quote above. Poster is from Chile.]

AFAIK, South American governments are not implicated, but we do have operations in Venezuela which would get out of hand quick if leaked.

Question 2-006
How will this affect the UK? Is Brexit going to be a factor in all of this unraveling?

It is very likely Britain will remain in the EU.

Question 2-007
Can you at least post a badge or something? Info makes sense but I am having a hard time believing it, my dubs man.

At my level, doing so would trigger so many alarms I could not guarantee my future. This way there is plausible deniability. Lost in the crowd.

Question 2-008
How much is the EU/NATO being pushed towards war with Russia?

Heavily.

Question 2-009
What is the likelihood that HRC will get indicted? What would be the indicators that the indictment is imminent?

Indicted: depends on if Trump gets elected. Imminent: 0%
**Question 2-010**

What is the goal at large? What do whom actually want? They’re using slime religion to destabilize western culture as a whole, but all for what, and why? What are the motives?

The goal (of Soros, since I assume that is what you are asking) is to create a global government where all people intermingle and breed and become on people ruled by a racially pure Jewish race. They sincerely believe under their rule all human conflict will cease because there will be no more cause for division. This desire is born out of fear of the horrors of WWII. The Holocaust is a lie, but the death toll was still massive nonetheless. And many people were brutalized by it.

**Question 2-011**

Do Russia (or others) have enough info to bring down Clinton if they leaked it? Would they be more likely to leak it or use it for blackmail?

They have enough to take her down. I am not sure the totality of what they have. I can tell you that they 100% hacked her server.

**Question 2-012**

Is Trumps wall financially feasible?

Yes.

**Question 2-013**

How big of a risk are you taking posting this on 4chan?

Enormous, but the risks are mitigated by anonymity and plausible deniability.

**Question 2-014**

What nations are untouched by this mass conspiracy?

Is Alex Jones a disinfo agent?

No one is untouched, the US has operations going on around the world in every hole you can think of.

Alex Jones is a useful idiot. He does believe what he says, though.

**Question 2-015**

In all seriousness why HASN’T Putin leaked anything yet?

Putin is waiting to see how the DOJ plays it, also how the elections work out. I think if HRC gets elected and tries to start shit, he will use it as a deterrent against war.
### Question 2-016

The picture you've painted about the extent of government corruption is incredibly bleak.

Have you lost faith in Democracy?

Also, I'm a recent college grad who hasn't gotten a job yet. Should I even bother trying to be a functional member of such a corrupt society? Why not just lock myself in my room and become a NEET?

*We do not live in a Democracy; we live in a Republic. There is a lot of greatness in America, and there is still plenty to love. Society and culture are dependent on man. You are in control of society, not the other way around.*

### Question 2-017

Okay, Mr. RP.

Will you push far enough to keep “Hilarity Rawdog Cliton” out of office?

*I do what I can.*

### Question 2-018

Are the incidents manufactured with the intent of harsher gun control laws?

*Yes. The gay bar attacks were inside jobs.*

### Question 2-019

Tell us about the ayys

*Life exists elsewhere in the galaxy, that is all I will say about that.*

### Question 2-020

What is your view of the Libertarian Party during this cycle? Viable threat to the duopoly or just delusions of grandeur?

*Good way to shut down Democratic party. In general Libs are just loony.*

### Question 2-021

How likely is it that she will be brought up for indictment?

*Likely if T gets elected.*
Question 2-022

Are the people leading the investigation blackmailed pedophiles?

No. The people under the magnifying glass do have an affinity for children.

Question 2-023

Give us something significant that will happen in the next few days so that we know you are telling the truth.

I cannot predict the future. I am a high-level analyst and strategist, nothing more.

Question 2-024

[Link to a 404’d text image that can’t be read. BTW this guy’s British; hence the lash-out in the answer]

> People can integrate if done in a healthy and constructive way. Not by force.

A dollop of shit in a tub of ice cream don’t improve the ice cream much, but it sure improves the shit.

I’m surprised you aren’t familiar with “regression to the mean”, both high and low genetic outliers tend to have offspring closer to their racial average, in IQ, temperament, foresight, etc.

How does it help to lower average IQ levels?

I am well aware of the science and what I am telling your cunt British ass is in small doses, other races can integrate and assimilate into other cultures. Not by mass immigration. Small doses of highly intelligent people can fit very well into a foreign society.

Question 2-025

How crooked is Loretta Lynch the “apeffirmative action sheboon”? Will she save Hillary’s fat butt?

She is covering her own ass.

Question 2-026

This may be a silly question if you’re legit, but who do you support for the election in November? Do you think Donald Trump is a good candidate?

I support Trump. He is a good candidate. Not perfect, but good. I used to work in PsyOps, and Trump’s campaign is exactly how the textbooks train. It will be studied by agents forever.

I’ve been reading the questions and answers here, and am so far impressed. I know some people with high level security clearance that have said similar things to what you’re saying. However, a few things slightly different. I’ve also looked into this, and am quite appalled by some of the documents I’ve seen.

That aside I have a couple questions.

In regards to the Clinton Foundation, what would happen if all of this information ended up being released to the general public? As in what would happen if all of the Clinton Foundation secret records were released publicly?

What if you, you personally, leaked all the documents to the dark web or some other online outlet. What would happen?

Would the countries that would be named in the documentation declare war if there was a large change in government?

Could you have the AGs of some of the right aligned states indict her? If they were given enough information and documentation?

> In regards to the Clinton Foundation, what would happen if all of this information ended up being released to the general public?

I said in the last thread, total chaos. The government would be exposed at every layer, who pays who, who buys what, and no one has yet asked the human trafficking bits I have been laying out.

> What if you, you personally, leaked all the documents to the darkweb or some other online outlet. What would happen?

Silencing and/or death. Some places are trying to leak but we censor them too fast.

> Would the countries that would be named in the documentation declare war if there was a large change in government?

No, they would declare war because all of our secret operations in their countries would be exposed.

> Couldn’t you have the AGs of some of the right aligned states indict her? If they were given enough information and documentation?

We have thought about this. It is on the table.
Question 2-034

I assume most people in the FBI are Republicans, yes? I mean, I can’t imagine too many leftists joining the FBI. It seems very much out of the hippy dippy leftwing horseshit they like.

So...if that’s the case, why don’t you fuckers just leak the goods and take Clinton down through the backdoor?

   Yes. We do our jobs, not what we want.

Question 2-035

If the FBI knows so much about Jewish influence on law-making then is there any effort to counter it? Or is it just a feeling of “whatever, the people voted for this guy who signed off on it anyway.”

   Not everyone knows. Information is compartmentalized. I am a “big picture” guy. I don’t even have all the info, but I see more than most.

Question 2-036

Please elaborate on how the Holocaust is a lie.

   You already know, population records do not support systematic slaughter of Jews.

Question 2-037

Tell me what is Singapore’s role. Are we the battleground, or will the US government coerce us against China?

   If there is a war, it will be fought over the plains of Africa. Singapore has no connection to my knowledge.

Question 2-038

> The Holocaust is a lie

Is this common knowledge in the FBI?

   It is at the top.

Question 2-039

What do you know about 9/11? Was it an inside job?

   9/11 was Mossad.
Question 2-040

Give me a sentence or two about what you know about data compression/where it’s going.

Data compression can mean many things, more specific.

Question 2-041

How can we keep a war and more importantly, a World Government from happening? This sounds like some dystopian movie but I believe you in this case since Jews hate Multiculturalism and love it for other countries.

Buy more guns and get smarter about civil war.

Question 2-042

I’ve got a question for ya, OP. How bad could this actually get? You’ve mentioned fear of war and revolution. Is there any possibility that Russia or China could fuck us in the fallout? Also, what fears would need to be resolved in order for the FBI to be willing to go nuclear on this bitch and the Foundation?

If a civil war broke out, 100% certainty China and Russia would get involved.

> Also, what fears would need to be resolved in order for the FBI to be willing to go nuclear on this bitch and the Foundation?

This would be like launching a nuke at NYC. We would hit the target, but we would then be at war with the whole US.

The FBI is facing the entire federal government in this case. It is why we are so quiet.

Question 2-043

What did Ambassador Stevens know or was going to tell that got him Killaried?

Weapons smuggling to Libyan “rebels”.

Question 2-044

> It is very likely Britain will remain in the EU

The fuck are you talking about? They’re obviously going to keep it out as a warning to other fence sitters: if you leave, you’re gone for good.

> The goal (of Soros, since I assume that is what you are asking) is to create a global government where all people intermingle and breed and become on people ruled by a racially pure Jewish race. They sincerely believe under their rule all human conflict will cease because there will be no more cause for division. This desire is born out of a fear of the horrors of WWII. The Holocaust is a lie

Here we fucking go. So much for feigned legitimacy.

Deals are being made to be in the EU without being “in” the EU. Backpedaling is running rampant right now, the new conservatives are just as pro-EU as the left. It is why the barred Farage from negotiating with the EU.

Question 2-045

When did this widespread corruption start? My history teacher said the Romans didn’t know they lost their republic until 100 years after it was gone. How long has it been for us?

**Average age of any empire is 250 years. They all end the same way.**

Question 2-046

Anyways, so Soros, a Nazi collaborator.
His ideology is basically Nazism, but with Jews instead of Aryans.
Do I have this correct?

**Effectively.**

Question 2-047

Is there any evidence of the Clinton Machine having 20 – 40 people murdered? I can’t find the picture.

**Plenty. Dig deep.**

Question 2-048

Why on earth would they want a war with Russia? It still has nuclear weapons to Blow the US up ten times. Are they banking on Putin being too scared to use them?

**Russia is a threat. Highly nationalistic and too white. Loxism is a real thing. Putin is a terrifying figure. Jews are already attempting to get friendly with him, but he isn’t buying. No one really likes Israel.**
**Question 2-049**

OP, in your opinion and the sentiment within the FBI and government. How many more years do we have left until the political divide reaches a tipping point and bullets start flying? The mass shootings are indicative of societal decay and pessimism within American sentiment.

Soon. Jesse Williams statements are fed to him, and he will likely be a major figure in sewing division.

**Question 2-050**

You mentioned in the thread before that HRC is reckless. Could you elaborate on that?

She does not care for the details. She simply likes to have everyone do everything for her, while she does nothing but get money.

**Question 2-051**

[Same guy from Singapore in Question 2-037]

OP please don’t ignore me. I know Singapore is a hotspot for espionage and an intelligence hub concerning China, regional Jihadist elements and others. My question is what is our role in US plan and will we cooperate with you against our neighbours and China or do we maintain neutrality?

Apologies, I cannot keep up with the thread an I am very tired. Singapore is not implicated to my knowledge. My strategy buddies believe Singapore will be loyal to the US.

**Question 2-052**

Since you’re dating Soros is the kingpin: He’s saying the EU will now inevitably fall. How likely is that, since he has so much invested in its success?

Soros is senile. Nothing he says is of value.

**Question 2-053**

You said the US/NATO are pushing heavily for war against Russia. What the fuck do they hope to accomplish by that?

Soros.

**Question 2-054**

Do you think it’s better for Trump if she doesn’t get indicted, because she arguably has more flaws than an alternative Democrat candidate like Bernie? (p.s. I fucking hate both of them, just for the record)

Yes. Trump will (hopefully) obliterates her. She is more thin-skinned than he is.
Question 2-055

> We do not live in a Democracy; we live in a Republic.

A Republic IS a Democracy. Checkmate, gaytheist.

> Small doses of highly intelligent people can fit very well into a foreign society.

I’m just so upset by these poor people who have been oppressed and racismed so much. It is our DUTY to return them to their ancestral homelands where they will be free of our disgusting prejudicial pernicious racism.

“I think you would be surprised. It is hard to nuke the enemy when they are literally right outside of your homes.”

They would also control the high technology military, now with robots.
Also, they might not need overt control, just access to the leaders to let the populace feel they are in charge whilst really they are being controlled.

> How likely is that, since he has so much invested in its success?

It’s even easier to profit from panic selling than ordinary buying.
Also, it’s pretty obvious that the bailout money is almost gone, with several states looking like they need it, and major German and Italian banks giving a death rattle.

Deporting all blacks would be a great thing.

Question 2-056

Wait, was Libya a smokescreen to get the SAP that Clinton sold to the hands of the buyer?

Libya was an arms operation in conjunction with the CIA/DOD to give arms to the “rebels”. We didn’t deploy troops because we would have gone to war.

Question 2-057

Is there hope that I’ll be able to live a nice long happy life and start a family here in the Commonwealth of Virginia?

Yes.

Question 2-058

> Indicted: depends on if Trump gets elected. Imminent: 0%.

What do you mean by this? That the FBI intends to bury the investigation prior to the election?

Looks that way so far. It is a tough situation.

Question 2-059

If what you’re posting is true and our government is really Illuminati Lite, won’t they be monitoring what you post here and rub you out later?

Plausible deniability.
### Question 2-060

So, are you saying that your affiliated agency does not see any conflict with China and its neighbours especially with Taiwan, South Korea, Japan and several ASEAN nations? I’m quite flabbergasted that your priority isn’t containing Chinese intelligence infiltration or hacking.

My main area of expertise is war games on the Russian front, when I did more strategy than high intel. My buddies know more about the China situation. I just know the South China Sea situation is rough.

### Question 2-061

Joining the military at this time, good or bad?

*Depends on who is elected next.*

### Question 2-062

You’ve said two things so far: human trafficking and looking into the CF ... that a hint to the starting point for our own research?

*Everything I have said is a hint.*

### Question 2-063

**Data compression can mean many things, more specific.**

Data in increasing exponentially, what exactly are your methods for collecting it, compressing it, and analyzing it?

What companies are at the forefront of this? I know the answer btw.

*asking me to detail data collection methods*

**Oracle, LexusNexus, and most recently Micron are all getting into big data work with us.**

### Question 2-064

What do you know about Farage? Is he sincere? Is he as good as /pol/ thinks?

*Farage is a genuine person.*

### Question 2-065

1) Is there any proof in the CF leaks about Israel wanting to create greater Israel?  
2) Is there any proof in the CF leaks about white genocide?  
3) Is there any proof in the CF leaks about the holocaust being a lie?

1) Yes  
2) Yes  
3) No
Question 2-066
Do members of congress own strip clubs and when they visit have their own sex slaves?

Epstein.

Question 2-067
Would it be a good idea for me to work at the CIA, even if I’m posting here?

Even better on a resume.

Question 2-068
What would Russia or the chinks hope to do in the USA? Instill communism? Russian puppet? They would have a real fun time cleaning up the mess of the civil war along with the massive insurgency.

They want to avoid conflict. But in a civil war, they want to make sure the strongest power is friendly with them.

Question 2-069

4) Is there any proof in the CF about “Michelle” Obama being a man?

^ That’s the biggest question we want answered. After #3 from my previous post.

Michelle is a woman.

Question 2-070
Last thread you said;
>
Truthfully, not many. The FBI is rather fond of /pol/. We study more than we investigate.

Is it because /pol/ is always right?

Has /pol/ (any of them) found out anything that the FBI had thought was kept secret and wouldn’t be found out, then /pol/ happened?

Has /pol/ ever found out anything that the FBI didn’t know before the FBI did?

Yes, no, yes.

Question 2-071
Why was JFK assassinated?

Messing with the banking elite.

Question 2-072
>
I said in the last thread, total chaos. The government would be exposed at every layer, who pays who, who buys what, and no one has yet asked about the human trafficking bits I have been laying out.

Ok. Do tell. What about the human trafficking? I assume that those who can be indicted are involved.

Pedophiles and sex traffickers everywhere. Many politicians trade girls like cattle.
Question 2-073
Are US elections rigged? Will Hillary try to rig this one?

Yes. It is amazing Trump won the primaries.

Question 2-074
Is plausible deniability the reason why you have brought up things that would get us insta-discredited if we tried to bring up this conversation as a source?

I mean, even if we humor your arguments that aliens are real and the Jews are trying to dominate the world, it won’t be accepted by the public as credible no matter how much truth about CF you intermingle with it.

This is a protective strategy, I presume?

I said life exists elsewhere. Some people choose to interpret that as aliens. My protective strategy is posting outrageous claims on /pol/ with no evidence, which is standard protocol and raises no alarms. “fake and gay”, just remember.

Question 2-075

Refugee crisis: orchestrated or not? Is it better to opt out to a V4 state or south America or will it be possible to live safe in a western European country for the next decades? Is Merkel retarded or involved?

Orchestrated. Elites need serf populations to work for cheap and breed out whites.

Question 2-076

Oh, I wanted to ask you if Bill Clinton is a pedo that blows babies. You know anything about that?

BC is a confirmed pedo.

Question 2-077

What can Canadians do to help?

I’m in no position to join the RCMP or CSIS, in relation to your ‘join the FBI’ advice.

Get rid of Trudeau. He has no experience managing or running a country. Fucking Leafs.
**Question 2-078**

Is there anything else one can do for the future besides vote Trump and try to uphold virtue, our nation’s principles, and culture?

Will Europe become a meatgrinder in war against Islam?

This is really iffy territory for me. Strategy works by having multiple games running at the same time, assessing the realistic probabilities of each scenario, and acting accordingly. If one plan fails, another acts. In my previous jobs, I worked with Russian war games, but I did not do much with the Eurozone. But my buddy told me once that Europe will experience a cultural backlash, which, unless they manage to violently oust Islam which will require a great force, local whites will flee to the US.

**Question 2-079**

Please before you sleep speak a little on the child prostitution ring.

Sex rings are popular in all governments, but pedophilia is primarily in British parliament & Saudi Arabia, and that’s why HRC and BC love foreign donors so much. They get paid in children as well as money. Dig deep and you can find it. It will sicken you.

**Question 2-080**

I’ve been here since the fucking beginning. If he wants to tell a story, then tell a story. This is just some faggot who loves attention with none of the correct verbiage. His claims are made with ignorant language, and when things get technical, he ad homs and gets mad at people for asking technical questions.

*verbage

**Question 2-081**

What’s the deal with messing Mexico’s shit up? Is it Voter Importation? Or is it another reason?

Mexico is actively trying to undermine the US.
Do you have access to when a new media false flag occurs and if yes, could you give us a hint? (Country, month, purpose)

Watch the conventions carefully.

Will the US and Israel eventually turn on the Saudis and nuke them into oblivion?

More like Israelis + Saudis = US gets nuked.

Do you know what Russia’s ambitions are toward Eastern Europe? As in, what they might try to pull next?

Do you know of any effort to create a Euro Maidan kind of situation/revolution in Poland like they did in Ukraine?

Russia wants Ukraine back, and then they want to be left the fuck alone to invest. Russia is more a paragon of freedom and nationalism than any other country.

Who has more CP, the FBI or the CIA?

Is CP a big deal in the highest level of officials in world governments?

CIA is huge.

It is 4:20 here guys, and I am tired as fuck. I enjoyed giving you all what I could.

If there is anything to gain from this, it is FOCUS ON THE CLINTON FOUNDATION.

The media will over the next few weeks try to paint the e-mail scandal as the only scandal, and HRC may or may not get indicted. But if you keep pressing the foundation and do not let the questions or demands die, then the truth will out.

Follow the Foundation.
AMA 3

/cfg/ Clinton Foundation General – HAPPENING Edition

July 8th, 2016

(This AMA was done in the middle of a thread started by someone else about the major leaks that dropped on July 8th. This transcript only covers communication to and from FBI Anon.)

/cfg/

If sufficient interest is generated, I will do another AMA. The circumstances seem to warrant more answers, but you all seem to have caught on to what is occurring.

Question 3-001

DO IT

TELL US IF THIS CURRENT DALLAS BULLSHIT IS A FALSE FLAG

I’m pretty sure it’s a false flag.

The current Dallas operation is a distraction to prevent people from discussing HRC.

The dialogue will become HRC painting violence as an inherently pro-trump phenomenon, and BHO will soon be calling for severe restrictions on ammunition and clip sizes for firearms owners.

Question 3-002

Was FBIAnon the first and only claim that Hillary had SAP classified info on her servers?

Both FBIAnon and Comey specifically said SAP.

It would say a lot about FBIAnon’s credibility if he was the first to mention SAP.

SAP programs were somewhat public before I announced them. However, the seriousness of what she has done was severely underplayed. Comey’s answer should be evidence enough of the fear of revealing what has actually occurred.
Question 3-003

I want to believe you, Anon...What are the chances that the army will go along with Obama’s call to martial law? Do you know anything about how the military department feels about it?

Red team planner.

Military will defect in large numbers should they be compelled to act against their own population.

However, the police will not. They are not trained to reasonably react to a situation, only to follow objectives and pursue targets. It is a very different mentality from the military, hence the militarization of the police. They are to be feared.

Question 3-004

If you really are FBIAnon. (Which we know you’re not) but just in case...Were you the anonymous whistleblower mentioned today?

No.

Question 3-005

CF/Hillary --> Qatar --> Lagardere --> Bataclan

Yes or no?

Correct. There is a missing link, but the thread is correct.

Question 3-006

Who made the call for the Clinton interview to be off the record?

LL. This is why Comey (and myself) had no knowledge of it and were not allowed to participate.

Comey nearly blew the whistle.

Question 3-007

Can you please put a trip on? Or a timestamp? Or both?? We don’t want imposters.

Also, what do you make of the info leak??

After all you have seen, after all you know, would you really wish the person who started this to publicly identify themselves and leave no shadow of a doubt as to who they are? I know it is difficult to believe, which is why I do not ask for belief. I simply am.

Question 3-008

FBIAnon, will martial law be in effect?

Unlikely. Very harsh gun control is more probably, however. Expect to hear more calls to abolish the 2nd amendment.
I know you’re not FBI Anon because FBI Anon addresses multiple individuals at once. Nice try, faker.

I am tired and did state I did not want to do anymore AMA’s.

I will answer a few more questions, since emotions are high, and I know people are desperate.

FBIAnon,

If it is you, then you have done this nation a service it can’t fully repay.

Question time:

1- The director was being roasted alive at the hearing. How fucked is he?
2- Do you think his testimony and reopening of the State inquiry will take HRC down?
3- Have we been helping you guys out with our own research, or are we missing the forest for the trees?
4- Are there any more places to focus on?
5- What do you expect will be the next Happening?
6- Was the file leak legit? The FEMA camps, emails, addresses, etc?

1- Very. His family is not being held hostage, but they are being used against him. BC’s plane meeting to threaten LL and force her to bring Comey to heel.
2- Unlikely.
3- You have gotten further than most ordinary people, but this is a tough task you have undertaken. Part of the reason why I cannot automatically leak everything is because they would know who I am, where it was leaked and it would be game over. These things take time. Know that we are working on it. There are no intelligence agencies who wish for HRC to be president.
4- The London connection, not enough attention to Saudi Arabia, Qatar breakthroughs are a focal point.
5- The conventions.
6- Legitimately from one of us? Yes. Legitimately secret/unsearchable info? No.
### Question 3-011

Who do we need to focus on now? No bullshit, no cryptic faggotry. We just need a few new focus points because everything is slowing down, with a new break in the investigation, people will return with new motivation. Many are calling this a lost cause now.

See above.

### Question 3-012

Why isn’t anyone leaking that this wasn’t his decision? That LL went around him?

What should we pay more attention to from his interview?

Body language is more important than words. Comey is signaling many things very intentionally.

### Question 3-013

> repeating same old shit
> adding nothing new or relevant

Fuck this shit. I’ve put in countless hours over the last week, I’m about to throw in the towel and say fuck it.

Then leave. I believe I explicitly stated this is going to be a long road to November, for all of us. You are scaling Mt. Everest with a fork.

Why do you think it took trained professionals almost two years to get anything substantial?

### Question 3-014

FBI Anon. You are bullshit. You took previous news from January about SAP etc and got a heap of NEETs to actually work. Why anyone can’t see you’re nothing more than a tarot card reader is beyond me.

Believe what you will.

### Question 3-015

I spent numerous hours searching into Qatar but other than bribery for the bid to host the 2022 World Cup, it seemed like a dead end.

The roads are not always direct. There are people involved which hold incredible influence over US politics.

Here is a hint: find everyone involved in the State Department who has recently made a donation or speech in relation to the CF. Public figures are not to meet with foreign officials in secret – so who did?
Question 3-016
Anon, get a secure tripcode here so you can continue answering in next thread if you want (write "##passwordofyourchoice" in the name field, no quotes).

I am off. I actually do have a job. So do the rest of you. Be warned that distractions will be coming from all sides over the next three weeks.

Many of you have correctly pointed out burning all of your propaganda too early will yield lackluster results. I believe you are all right. But the time is coming when public focus will need to shift back on to Trump’s positives and HRC’s negatives. Be aware of this moment. It is coming quick.

Question 3-017

“Then leave. I believe I explicitly stated this is going to be a long road to November, for all of us. You are scaling Mt. Everest with a fork.

Why do you think it took trained professionals almost two years to get anything substantial?”

The problem is, these trained professionals have better access than we do. The only way we can find anything with public records is by hoping that they made a small mistake somewhere and us autists, it is easy to oversee it.

“The roads are not always direct. There are people involved which hold incredible influence over US politics. Here is a hint: find everyone involved in the State Department who has recently made a donation or speech in relation to the CF. Public figures are not to meet with foreign officials in secret – so who did?”

I’ll do some more digging. I have 8 hours of freedom to play with today.

The problem is, donation dates are hard to find. We were trying to find all the donation times and cross exam them with her death list, policy changes, etc. But donations were only made public with amounts given and by whom, not when.

Do not exhaust yourself, friend. Your best work will be when you are motivated to seek something. If it is too much, go smaller. If you hit a dead end, find a new lead and grab onto it. I wish I could help more, I truly do. We are working towards a common goal. Your efforts will not be in vain.

[End of AMA 3]
In light of recent events, I will take more questions about international events, the Clinton Case, and the Foundation.

**Question 4-001**

Am I on the right track?

In regards to what?

**Question 4-002**

Anything we should focus on now that we have a good chunk of evidence going?

Distractions from the Happenings lately are getting annoying.

Truthfully, I have not had time to read all of the data collected here. I am reading through the updates now, trying to get ahold of the aggregate file to see what is happening. I decided to host another AMA due to the Nice attacks, and the likely riots about to ensue tomorrow.

**Question 4-003**

Will Trump become President or will the government pull some bullshit?

I believe Trump will be the next President. The government will not attempt assassination, as doing so would incite violence on a scale they could not contain.

**Question 4-004**

Other thing, is the “High Level Insider” an impersonator?

Our threads kinda died after he came around.

I am under the impression the “High Level Insider” is LARPing. I have not yet read through all of his threads, however.

Question 4-009

1.) Are we doing good, FBIAnon? Anything major we missed?
2.) Is it really you?
3.) Are all of these attacks part of a narrative that’s supposed to be pushed? If so, what is it?
4.) Are the high-ups supporting these attacks?
5.) Can you come by more often? I...we miss you.

1) Yes, I am currently trying to catch up with all of your findings. Please forgive my slowness, and directly post any information you would like me to answer. But do be aware, the e-mail case has been closed and classified, so it is above my paygrade. The Foundation investigation is open, but it is being stalled at the current moment. These are very pressing issues going on at the moment.

2) Yes.

3) The BLM moves are strategically coordinated. AFAIK, the Nice attack was not planned.

4) I do not know.

5) I cannot come around too much for two reasons; my safety (giving too much away will reveal me in time) and I do have a job which, as of late, has required me to put in 60 hour workweeks. I have to eat and sleep, too.

Question 4-010

Also, in light of WHAT recent events?

And where should we press harder, and where should we apply less pressure?

Nice attacks and the reported BLM moves tomorrow.

In my opinion, continue pushing the narrative that Clinton is corrupt and the Foundation is being hidden. Your work should complement Trump’s confirmation bias of “Crooked Hillary.”

Question 4-011

What do you think of this thread?

[Links to outside thread. Can't see it.]

I will have to read it first, but “martial law” as commonly understood will not become a possibility unless dramatic events take place. However, the militarization of police will lead to more violent encounters. I have stated before, the over-arming of police is a major concern.

Question 4-012

Also, have you seen The Bonner Report some anon just uploaded?

How important is that angle? Will it get even deeper and darker than what we know and assume so far?

I have not yet, I am working on it. I have not been around for a while.
Question 4-013

Oh, and will I be safe in LA tomorrow?

Avoid the locations listed. All government, military, and police personnel have been instructed to avoid the areas as well.

Question 4-014

How effective do you think the memes are, in spreading awareness – or at least planting doubt – about the CF’s shady practices?

Very effective.

Question 4-015

Is it Pence?

Trump is unpredictable, but I do not believe Pence is the choice. The Democrats would gain a huge advantage, by being able to press Pence on all of his radical far-right positions on social issues. It will be easier to paint Trump as a racist. I still hear Flynn is in the game, however his public speaking skills leave something to be desired.

Question 4-016

1. It is reported agents involved in the case have been required to sign NDAs. Is this standard practice, and if not, what are the internal grumblings about it?

2. Given that the foundation is under investigation and it seems reasonable to assume that there is going to be significant cross over between the two cases, is there the possibility of the whole email saga rearing its head as part of the foundation investigation?

It is not standard procedure for all cases, most of the time moderate discretion is necessary. But after we learned SAP’s were involved, NDA’s were issued immediately. And no one dares to speak out against the Clintons.

To your second question, the possibility is strong if the CF is investigated. However, the goal of the last Comey affair was to make it look like HRC “free and clear”, as if her e-mails were her only problem. The media will attempt to bury any mention of the CF.

Question 4-017

What exactly are Clinton’s goals if she gets in office? Where do you see America going under Clinton?

>CAPTCHA: select all commercial trucks

She intends to do what the Clintons have always done – sell out weapons, favors, intelligence, and people to anyone willing to pay.

Question 4-018

Is there any credibility to the Loretta Lynch Martial Law stuff?

In a sense.
Question 4-019
The Bonner Group, warm or cold?

Hot.

Question 4-020
What are the chances that Obama would declare Martial Law?
What chain of events would we need to see for that to happen?

1) Unlikely

Question 4-021
> decided to host another AMA due to the Nice attacks, and the likely riots about to ensue tomorrow.
> riots about to ensue tomorrow
> tomorrow
> Friday
> conspiracy theorists on /pol/ talking about Day of Rage

Shit.

I have a free pass to stay at home tomorrow, so I decided to lend whatever knowledge I can. Which, since the cases have been closed and many of us are now out of the loop, is not much anymore.

Question 4-022
Belgian on holiday in Spain.

How many terrorist cells would there still be in Brussels? How incompetent is the Belgian government? Is an Islamic uprising with armed militia the next thing? What would be HRC’s policy towards the menace of Islamic terrorism Europe?

Brussels is crawling with spies, informants, and terrorists. The Belgian government is completely subservient to the EU, which is nothing but a revolving door of Belgian politicians. (Rompuy, Hofstadt).

Question 4-023
Are steps being taken to assure the RNC goes as planned, or is there a stand down?

The RNC is very secure, but I am sure some shady events are being planned.
### Question 4-024
>Her message was a warning. The CF is heavily tied into Chinese interests.

Cool. I figured it had something to do with the Fukiens and the Foundation or some shit like that. How was it a warning, though? Basically, “Don’t go down, and if you do, don’t implicate us?”

Thanks for your time, by the way.

China is heavily manipulating its currency and its legal standing with US to gain access to US markets.

### Question 4-025
>The CF is heavily tied into Chinese interests.

Han CCP interests or Hong Kong Triad interests? Or are the two actually one and the same? I assumed they were in opposite to each other, but I haven’t ruled out collusion there.

They cooperate, but not all the time. I am not all that well-versed in Chinese culture/businesses though.

### Question 4-026
>Chinese interests.

Like scraping all possible resources in Africa? Is CF facilitating this somehow or should I be looking elsewhere?

FDI in South Africa by China is no accident, and the Clintons are always tied up in the mix. As is Tavistock, which I should congratulate you all own, since many of you caught on to that link with great speed.

### Question 4-027
Are you still confident in Flynn for VP? Is Pence just being used to throw us all off?

I hear rumors Flynn is still high in T’s head. I *believe* Pence is misinformation. IMO, Pence is not the best choice.

### Question 4-028

Is Marshall Law coming?

Doubt it, but so expect more violence.

How significant is Africa? I’ve been a bad researcher, and lazed out on tracking African organizations (I was sick though) and relating it to migrant stuff. I’m thoroughly convinced that most of her aide funs don’t really do much aside from keep the entire place down via limited work, though.

Africa is a hotbed for investment by the Chinese and other organizations. The question is, how is HRC benefitting from the investment deals? Why would we want to engage in war over the African plains?

Do you believe the perjury investigation will get anywhere or drown before it goes to trial?
Also, if Dallas was planned, where should we be looking for proof?

Perjury investigation will likely go nowhere.
Sniper positions and view angles gave everything away. Average niggers would not think that hard.

How did the Lynch hearing go? I assume you watched it.

How does BLM end? A call to anarchy and cop killings has to end quick. I’ve seen surfacing of Soros ties to BLM in the media...

Hearing was a waste of time. She answered nothing, said nothing, and I wish we could charge her with misconduct.

BLM ends with a violent uprising by whites, at least according to the scenarios my friends have established. People hate feeling victimized while being called oppressors.

What does “stalled” mean? Was it forcibly halted, or is there genuinely a reprioritization kind of deal going on? Any insight on to what those "very pressing issues” are?

It means we are concerned about other developments in the country, but our superiors do not want us actively looking into it for obvious reasons.
**Question 4-046**

My mother works in Dupont Circle. How concerned should I be for her safety of the Day of Rage?

Very. Get her out.

**Question 4-047**

1. What’s supposed to happen tomorrow? The BLM day of rage thing? What level of chimp-out are we looking at here?
2. Did you see the alleged conversation with Deray McKesson and Loretta Lynch? Do you think it’s real? What’s going to happen at the conventions?
3. Should we be buying guns right now?

   1) We have been briefed to be secure for a large-scale riot, with potential for extreme violence.
   2) Most likely a fake, but the conventions will be a shitshow. More for the DNC though, since they are actively promoting the message.

**Question 4-048**

Why is #ChaffGrenade so based?

He knows what we know.

**Question 4-049**

1. Do you know anything about the Zodiac killer?
2. How about the Black Dalia murder?
3. Did you guys stop looking for DB Cooper to trick him?

No, no, and no.

**Question 4-050**

Can we expect Hillary to be punished at all?

Not unless T gets elected.
Question 4-051

How solid is the evidence of Bill and the Lolita Express connection?

It is there, but entire teams scrub the Clinton’s movements. Finding outright illegal evidence is tough unless it is leaked, so the most you can do is force connections that make sense. And there is plenty enough to make sense.

Question 4-052

Was Ludner Remarais involved in quid-pro-quo with regards to the Haitian gold mining rights?

Where the hell would you even find evidence for that since Haiti’s financial records are very spotty, especially around the earthquake?

Also, how is M Partners Inc. connected to the larger picture? They bought Majescor shares for 1/10 of open stock market value, which screams shady. They’re obviously a shell company, but information is sparse.

1) I do not know.

2) Why are they spotty? Who does the accounting?

3) It screams shady because it is shady. Who is affiliated with the BoD for M Partners, and do they have ties to the CF?

Question 4-053

>anonymous is behind the day of rage BLM protest

What in the actual fuck?

These people started out on 4chan, and now they’re the complete fucking polar opposite of us, fighting us. What the flying fuck are these retards doing, and where are they coming from?

Anonymous is a farce.

Question 4-054

How much “illegal content” does Hillary have in her servers and e-mails?

Have you not been paying attention to anything that’s been going on?
Question 4-055
[Links screencap of a page. Can't read it. 404'd.]

> The BLM day of rage thing?
Yes

What level of chimp-out are we looking at here?
Maximum. Even if it will start out “peacefully”, it is their plan to make it violent as much as possible.

Be prepared for anything. I am.

Question 4-056

On a scale of 1 to HAPPENING, how safe is Rio this year?

Rio is the worst place to be, especially since we learned Zika can travel through sperm.

Question 4-057

What can the meme boys do more than what we’re already doing? Is there another way, another avenue that we could be exploring outside of making stylish pictures on social media? Surely there must be.

One person in a thread I read mentioned doing a change.org petition to hold an armed protest in front of the White House if HRC gets elected. I believe such a move, if properly supported with adequate numbers, would be substantial to showing HRC’s lack of support. It is more dramatic since it involves removing anonymity.

Question 4-058

> Why did George Soros make more moves in the markets?

To subvert countries first via economical destabilization, then buy up the whole country himself/make the government his debtor.

Hungarians know money, as usual.

Question 4-059

Also, FBI Anon, I want to take this time to #ThankYouForRaisingThisImportantIssue.

Don’t thank me, focus on fighting the evil at your doorstep.
Question 4-060

>I am under the impression the "High Level Insider" is LARPing. I have not yet read through all of his threads, however.

http://archive.is/lMtl0
http://archive.is/ZLmxQ
http://archive.is/GrvJG
http://archive.is/SXrR0
http://archive.is/ENOAh
http://archive.is/wTjml
http://archive.is/77equ

I am getting through them. They seem to be misinformation, but there is some interesting philosophy.

Question 4-061

You said the Malaysia Air plane went to Diego Garcia. For what purpose?

Why would a plane supposedly taken down by a missile with civilians land on an island full of US Military equipment?

Question 4-062

Probably not your area of expertise, but what’s your view on the economy? Is shit going to hit the fan? Why the fuck is the DOW reaching never-before-seen values despite insanely shit economic stats?

My undergrads are in Economics and Finance, so I am versed in this area specifically.

We will likely experience a decline similar to Japan, with several decades of slow declines over a long period. Japan has lost 80% of market value over the past 60 years. We are on the same trajectory.

Question 4-063

Also, how much influence does the Foundation have here in South Africa? Bill was a supposed friend to Mandela. Any other info on my country, especially about the recent AGOA stuff?

They have large influence, but in SA they mastered the art of covert manipulation. SA is raw territory.

Question 4-064

>I have a free pass to stay at home tomorrow, so I decided to lend whatever knowledge I can.

Nice job narrowing down who you are, if you are actually legitimate. Fucking idiot role-player otherwise.

Thousands have passes to stay home. Nothing special.
I found it rather odd the people who write the reports on issues like human trafficking in Haiti are also the group that award mass aid grants to Clinton Foundation members like Muhammad Yunus.

Be careful.

Do the X-Files really exist?
What’s Scully like in person?
Do you like dogs?

In a sense.
No.
No.

Expect more treaties and "secret" deals.

There’s enough small-timers running around that these types of things are liable to happen. Again, you would be surprised.

I don’t consider a thread like this to be a credible source in and of itself, but if more than enough things posted here come to pass, then who’s to say we don’t have some well-informed people in our midst?

Well informed people are always in your midst. Do you honestly think the best, brightest, and most well-connected minds are not equally as attracted to a board with total anonymity as the rest of you? We are all human.
Question 4-069

> BLM ends with a violent uprising by whites

Who gains from this?

  Like casinos, no one wins but the house.

Question 4-070

I've seen it mentioned around and assumed Hillary wants a war with Russia. Why?

  Russia is the last bastion of white nationalism/power.

Question 4-071

  1) What is the likelihood of complete civil war?
  2) Should I be scared?

  1) Race war is likely. Civil war is likely if HRC gets elected.
  2) The world is blowing up around you. Are you not scared?

Question 4-072

Regarding Africa, how much trouble will there be for the developed/semi-developed countries like Ghana, Namibia, Botswana etc? Or will wars be mostly contained within shitholes like Sudan?

  The plains of Africa will be the primary victims of the devastation should a war break out between major powers.

Question 4-073

Are you Jewish?

  No. If I revealed my true nationality, you all would probably laugh.
Question 4-074

OP: What are the odds of the election being rigged to elect Hillary? Would those odds change if Trump is surging in the polls in the weeks leading up to the election date? What is the Bonner Group? Don’t need OP anon to answer this one – just an answer.

1) 100%, but T will likely still win because of the landslide.
2) Not sure about the Bonner Group. It is an interesting development.

Question 4-075

I meant planned as in the shooter(s) were put up to it by another. Clearly military but where’s the trail start?

Was there a private military organization involved in the Boston Marathon bombing?

Question 4-076

Was the Gematria stuff meaningful in any way, or was it just a meme?

Purely coincidental.

Question 4-077

I’m all about Occam’s Razor.

In this case, the simplest explanation is that a good troll is playing the board like a fiddle. Not that someone is risking jail time ending his career to impress a bunch of NEETs on a Sudanese dirt cake cook show board.

Question 4-078

1. On this list on cities to avoid, will riots be started here and will there be proper retaliation from law enforcement and possible National Guard?
2. What is the point of all the riots? To impose a federal police force? To cause a race war in order to institute martial law? To keep Obama in office? Or to create civil war so Russia and China can come in and set up shop?
3. Will there be attacks at the RNC or will these riots cause the postponement or cancellation of the convention?

1) Avoid cities publicly listed.
2) BLM wants to push the race issue to a boiling point. They are useful idiots, all the while Soros causes division in the country.
3) Not sure.
Question 4-079

How bad will tomorrow be? How many deaths/casualties are we expecting here?

Be prepared for anything. It could be nothing at all.

Question 4-080

On what scale do we expect the RNC and DNC protests separately to be?

We anticipate DNC protests will be more severe.

Question 4-081

I live four blocks from the courthouse in Tampa. The protests we had here were pretty small compared to Chicago, probably only 100 people. Is threat level still high? Should I get out?

Tampa has a large Hispanic population which would likely keep blacks in check. Keep your head down.

Question 4-082

A good friend of mine is about 2 hours away from Baton Rouge... Should I be worried?

Very.

Question 4-083

Anything happening in Sacramento or Illinois that I should be aware of?

Chicago is the most probable location for violence.

Question 4-084

1. Who is the biggest major player to DIE since you’ve been with the FBI that was on the FBI’s radar?

2. 3rd world poverty charity foundations seem to have disappeared recently. I was thinking the other day that a water charity could distribute water with chemicals/hormones to populations that could factor into the migrant thing. Thoughts/comments?

3. I remember you said you were mostly a Russia guy. What do you know about Russia’s attitudes towards the European people? Are they a bunch of hateful Mongols that want to level the rest of Europe with Communism 2.0?

   1) No comment.
   2) Unlikely.
   3) Russia loves European culture. Hates Islam.
Question 4-085

Not really a question, more of a suggestion. If you, and Mrs. FBIAnon are concerned for your well-being, give her access to all of the information you can dump through power of attorney (should something happen to you).

Then teach her how to /pol/ so she can give it to us. We will not let it go to waste. Backup plans otherwise?

I would never endanger her in such a manner. I have no backup plan, which is the best backup plan.

Everyone, I am getting very tired, and finally the female has gone to sleep. If my answers are short, that is why.

Question 4-086

FBIAnon, please put this into perspective.

At 6:05 in this video, Obama talked about multiple “snipers” shooting, yet the “official” story of the Dallas attack is still the lone nigger gunman. How does the fucking President get the official story wrong and STILL mention snipers if there was “proven” to be no other shooters or sniper rifles involved? Was this supposed to be a larger false flag with a narrative that went wrong due to cell phone footage?

You’re smart. Figure it out.
Question 4-087

>be careful

Funny how Scalia and Thomas were the only ones to dissent on the ruling against human trafficking. Maybe he really was murdered for being too based.

**Scalia was murdered for something much more sinister.**

Question 4-088

Is the Red Team exercise helpful to the effort?

Are FOIA’s be something we should look in to?

Monsanto, GMO’s, HRC.

Question 4-089

>1) 100%, but T will likely still win because of the landslide.

By rigged, I don’t mean the entire political establishment, media, and cultural centers skewing things in Hillary’s favor. I mean honest-to-god rigged voting machines counting votes for Trump as votes for Hillary instead. A fixed election, in other words, where the outcome is decided before the results are even in.

Is there any chance of that?

100%.

Question 4-090

Are you for real saying that the military kidnapped the folks on that plane for human trafficking and made up a story about its disappearance?

Just fuck my shit up, senpai. This foundation has already done so much terrible shit there’s no way this can be beyond them.

**I am saying the story is false, and the plane was a useful ploy.**

Question 4-091

It seems as though sporadic incidents of gun violence (most recently Orlando) aren’t having the intended effect to get rid of 2nd amendment rights. It is talked about for a few days, then moved on from without any actual legislation going through.

What routes of escalation do you think will be taken to accomplish this?

**How else do you escalate a violent situation?**

Question 4-092

Thank you for your answer – one other question: Do gold and oil flow in opposite directions?

**Generally, but typical rules for commodities are muted by OPEC’s meddling.**
Question 4-093

What do we do if Hillary is elected? Revolt?

Not a bad idea.

Question 4-094

Mark Lamont Hill. I remember getting a distinctly strange feeling seeing him on late night Fox News. I could tell he was very intelligent, but he seemed to be purposefully arguing talking points that he didn’t believe. On national television. Regularly. Can you give us anything more?

What’s his background? Who is he affiliated with? Why does he hold his views?

Question 4-095

Was there a private military organization involved in the Boston Marathon bombing?

Yeah

We had guys researching that whole thing awhile back. Conclusion was the brothers were set up. One of them was murdered while in custody. The Israeli doctors being flown in to sever the other’s vocal cords, I mean, fix him being shot in the throat, was suspicious as fuck, and the actual bomb was planted by a PMC group, can’t remember the name, but we had photos and even narrowed down the backpack being used, as well as some photos of the guy with the trigger.

I’m sure some Anon’s got all that shit locked up on his HDD and can repost it.

How likely is it they are involved again?

Question 4-096

CIA prison ships. Fact or fiction?

Fact.

Question 4-097

The private military organization in Boston Marathon Bombing...

“The Craft” or “Blackwater”?

Who else?
Question 4-098

Is BLM a CIA PsyOp used to create racial division?

Question 4-099

Are you familiar with White Rabbit Radio/Horus the Avenger/Bob Whitaker (they coined the phrase “White Genocide”)?

Are the Horus podcasts legit?

If you can’t comment, specifically one of the claims he makes is that the Irish as an ethnic subgroup in the US are the most likely to start a pro-white ethnic movement.

Thoughts?

Also, are you familiar with the Jew-Redpill poster that was here last year? What happened to him? He was so knowledgeable about Jews and he had some of the highest quality posts on /pol/ and one day he disappeared.

Were it not so late I could answer you reasonably, but I am not familiar with the topics in your inquiry.

Question 4-100

Do you know of any celebrities supporting BLM/Black Power, such as Samuel L Jackson?

I could have sworn that I read somewhere that SLJ was a Black Power supporter years ago.

How fucked are we, now that Theresa May is Prime Minister?

Does she have the potential to be the new Blair/Bush duo if Clinton comes into power?

Chinese or Indian food?

SLJ supports BLM.

Not sure about May. We need more time to gauge intentions.

Chinese.

Question 4-101

If a nigger tries to loot, can I shoot?

I would.
Question 4-102
What scenarios do you think of for the future of Europe? Will there be backlash? Is all this violence part of some plan?

There will be backlash. There is already mass rioting in France being hushed by the MSM.

Question 4-103
>3) Russia loves European culture, hates Islam
Is the Alexander Dugin meme “Dugin says what Putin thinks” real?
Dugin supposedly hates whites. I know you said culture. What about race?

Dugin is opposed to Putin. Putin says what Putin thinks, most of the time the MSM refuses to quote him correctly.

Question 4-104
If I live near Boston, how worried should I be?

Not very.

Question 4-105
What about the Barack Obama Foundation?
(or the one his brother runs, The Barack Hussein Obama Foundation?)
Also, have you heard about the book, a manuscript of an unpublished ghostwritten book by BOH, reportedly purchased by “wesearchr” via crowdfunding from Obama’s estranged brother Malik? What’s the deal with that?

Definitely dive into it.

Question 4-106
Which African plains do you mean? Is this about food or minerals?

Both.

Question 4-107
If Newt Gingrich is not VP, would he be Chief of Staff, Sec of State, what?

Chief of Staff.

Question 4-108
Is Obama a Muslim? He seems way too sympathetic towards Islam.

BHO is a liberal atheist with sympathies towards the Muslim Brotherhood.
Question 4-109
How many more attacks will the EU have to suffer before they take action?
What action will they take?
Is this the globalists’ plan? To make the EU a Caliphate?

More attacks will come.

Question 4-110
You’re Finnish, huh?

American.

Question 4-111
>I have no backup plan, which is the best backup plan
Because you can improvise and avoid patterned behavior?

I have established a pattern of behavior.

Question 4-112
I get off work at 3:30 tomorrow in Portland. I live pretty far north of the city, though. Do you think I will make it out in time?

Leave early.

Question 4-113
Hey FBIAnon, did Poland is threatened by Russian invasion in near future?
You know, regular army, tanks, bombers, mechanized infantry attacking from right flank (their left) in 2018..2020?

Cannot predict the future.
**Question 4-114**

>100%

How can we possibly win then? How is Trump to be elected if it’s already decided? Does he have to beat her so soundly that rigging the election would be too obvious, or do we literally need an armed riot?

If it’s rigged, it’s over, is it not?

Bear with me.

The rigging works by forcing the computers to calculate the vote percentages skewed to a specific margin of error. The bigger the election, the smaller the margin has to appear because exit polls will reveal fraud if the vote is off by even 2%. With primaries, the rigging is easier because information is divided and largely hidden (public does not focus on it).

The New York polls, for example, were skewed in favor of HRC by upwards of 20%. The National polls will not be skewed as such, but they will be skewed. T can win in a landslide, so that the actual vote exceeds the attempted skew.

**Question 4-115**

I live in Hollywood, CA. Should I bug out for the weekend or just avoid Downtown?

Avoid anywhere with blacks.

**Question 4-116**

S—should I be looking into John Pointdexter and Cibolo Creek Ranch then?

Yes.

**Question 4-117**

Would it be safer to just leave the country if one had the opportunity to do so?

Safety is an illusion.

**Question 4-118**

>Scalia was murdered for something much more sinister.

What might that be?

Next time.

**Question 4-119**

Any chance the left revolts if Trump’s elected? What is the outcome, and how does it affect them in future?

Leftists will not revolt in huge force. Republicans will, however.
Question 4-120

Please recommend me some books for learning survival/battle skills. Can not get guns here, so calculate that in please. Thank you for the thread and answers.

I will have to compile another list. About to go to bed.

Question 4-121

FBI Anon,

I’ll be in San Francisco tomorrow. Do you have any idea how dangerous it would be if the rumors about tomorrow are true?

Stay away from blacks.

Question 4-122

If you are caught, will you be able to post here anymore?

What do you think.

Question 4-123

You can’t have more than 100% of the population cast a vote, and expect people not to see right through it. You also have to be reasonably close to the exit polling. You might be able to fudge it a few percentage points, but you can’t have every Trump vote changed to Hillary, and have the exit polling so violently different. And, due to the violent reactions to both candidates, you can expect high voter turnout. This limits the number of votes they can tamper with before risking blatant corruption claims.

That said, I am not as certain as FBI Anon that Trump will win it.

2% discrepancy between actual vote and exit polls is fraud.

Question 4-124

Is anything going on, or about to happen in Canada?

Trudeau is cucking you all into oblivion.

Question 4-125

Who is your daddy, and what does he do?

Father is retired military, previously worked in HUMINT
Question 4-126

I had a revelation.
Is the international economy is predicated on child trafficking?
The rabbit hole is so deep, I wonder it’s not a hole at all.

Predicated, no. Is it an integral component of elite circles? Yes.

Question 4-127

How much of the left establishment is in bed with the Muslim Brotherhood/CAIR? Surely they must recognize the risks of mass-importing un-vettable Muslims into America. I imagine most of them are not just useful idiot SJW types, so what’s their angle? Is HRC willing to literally destroy the country just to get donations to the foundation, or is there another angle to this aside from the Foundation?

> Is HRC willing to literally destroy the country just to get donations to the foundation, or is there another angle to this aside from the Foundation?

She will do whatever is in her interests.

Question 4-128

> yfw the rabbit hole is no longer a hole and just a bottomless pit of dead bodies and money

Basically.

My friends, I am exhausted, and I am getting to sleep.
For those of you in major cities tomorrow, pay attention to your surrounding and be careful. Have multiple exit routes planned to leave the city if need be.
If it all blows over, we can share a small victory.
/cfg/ threads and the PsyOps threads are of extreme importance. You are having an impact. Remember, not a single mind should go into the voting booths for HRC without remembering one of your photos. Anywhere and everywhere the message can be spread, it should be.
And above all, Follow the Foundation.

[End of AMA 4]
Greetings, /pol/. A few things first:

1) Yes, an open investigation by the IRS/Treasury Dept./FBI is open on the CF.

2) I have little to no knowledge of what WikiLeaks is doing. I have an idea of what they have, but I am not sure.

3) Tonight, you have an important duty. I will elaborate later in the thread.

4) I simply do not have time to read what everyone is putting together. You can tell by now the spider web is massive, and the amount of people implicated in this case are astounding. If you want an answer or guidance, you must direct me to a specific source/piece of info you are looking to have me scan.

Remember that I am a map, not a GPS. My security is at stake every time I do one of these, but the stakes are too high not to. I will do what I can.

Also, the Mrs. Is here, if anyone wants to ask questions to/about her. She is curious.

**Question 5-001**

Do you think the IRS/FBI are actually serious about this investigation, or do you think it’s just a big smokescreen so that when pressed on it, Hillary can just say “Well the Foundation was investigated by the IRS and the FBI, and they found nothing! It’s all just a big right-wing conspiracy!”?

As with her e-mail server, and virtually every other Clinton scandal throughout the past 30-40 years, we will find deeply incriminating evidence of wrongdoing, and the Clintons will get off on a technicality. Those of us who knew what was going on in this case have a deep-seated hatred for HRC. Of course, we are bound by our oaths and contracts never to discuss what we find. It is very frustrating.
Did we kill Venezuela?

The United States has a few things to do with their collapse, however, the primary catalyst was OPEC and their manipulation of oil prices.

HOOOOOOOOOOOOOOOOOOO THANK GOD YOU'RE HERE

1) How badly will the DNC mess up Hillary's poll results? I want to see her tank, and with the DNC leaks, the media’s going to have a tough time.

2) What do you recommend in terms of contacting people about our finds? How should we organize our info (the 200 doc is a little much)? Any names in mind?

3) What did our WikiLeaks man mean when he said the next leak will indict her? (I'm banking on “indict” = “ruin her public image”. She won't actually go to jail.)

4) What do you think of Pence now?

5) Are we still having an effect? I admit, I lazied out during the DNC leaks and the threads slid.

1) It depends on how things go tonight. She will receive an artificial bump in the polls from the media, as they want to bias public opinion in her favor. Trump is doing a great job of countering this. I am here to see you all play a large role in assisting in this effort.

2) The meme division has the right idea. Contact anyone and everyone you know, but try to target influencers. Big-names are no more or less susceptible to messaging than you are. Do not be afraid to post/email news anchors, talking heads, etc.

3) I believe Assange is largely a publicity hound set up by CIA/Russia. This is largely anecdotal. He may have things (it was not hard to crack HRC or the DNC servers) he may not. Just do not allow him to desensitize you to leaks. Everything that comes out between here and November, follow it.

4) He swayed me with his RNC speech. I was not sold before, but I find him agreeable. It is a good strategy for Trump.

5) Yes, but the effect has been muted due to other developments, which is why I am here to stoke the flames, and hopefully grow them.
Question 5-004
What resource-gathering penny stocks should we look at for connections to the Foundation?
Also, can we assume that any resource penny stock that is HQ'd in Canada is connected to Frank Giustra?

A useful hint is to look at the projects the CF has supposedly funded. Who got contracts after a donation, then what industry are they in? Were they in a failing industry? Were they too small to compete with larger companies?

Question 5-005
Does the Clinton Foundation fund ISIS and then get paid by selling the oil that ISIS captures?

The US government does.

Question 5-006
Is the CF investigation going to mean anything? Is she just going to sleaze out of it again? Will it even be completed before the election?

I expect more sleazing, but Trump is not going to let it go. The investigation will likely be delayed ad infinitum.

Question 5-007
Does the Clinton Foundation fund ISIS and then get paid by selling the oil that ISIS captures?
...and the women as well, too?

Here’s where the dark side of the CF is.

Question 5-008
Why AMA today? Is it because its last day of DNC?

Precisely.

Question 5-009
Did the /cfg/ have any influence on any agency thus far?
What do you think Assange has to leak still?

On any agency? No.

I think Assange has emails where HRC outright sold influence for DNC/cabinet positions. Like I said, I am not entirely sure though.
**Question 5-010**

All these people/projects are going after the Clinton Foundation. Jerome Corsi, Charles Ortel, Clinton Cash & Hillary’s America.

What exactly do you want anons to do?

There seems to be endless connections to nefarious people and shell corporations. CFG is keeping track and documenting. There are research anons doing reports. Meme division will break the internet.

Can you not just guide is to more of a smoking gun?

I cannot guide you to a smoking gun when the weapons used are cloak-and-dagger.

Second, and I have stated this before, outright telling /pol/ information is very illegal, will give away who I am, and will get me arrested. Then the leaks will get nowhere because the MSM will denounce this board as a right-wing conspiracy board. I know it seems fruitless, but the work you are going is important. It is changing the game.

**Question 5-011**

I’ve got to go somewhere soon. What’s the task for later? Also, what new information do you think WikiLeaks might have? Just general guesses on this last point will suffice. Wouldn’t want to compromise your position.

The task is this: unleash every meme, image, and horrible story about HRC that you can muster while she gives her speech tonight. You all must find a way to visibly disrupt her nomination speech. It can be done – but it is up to you on how to do it.

**Question 5-012**

I admit that it was partially my fault, because usually if anyone can stop them from being slid it’s me.

But I got busy with life.

As you said, the spider web is massive, and it’s not so much that we can’t find a lead, as much as we’re not sure where the real juice is, or what people will listen to. That’s what our meme division was for in part.

The IRS scandal will help us publicize it.

What should we follow specifically?

Why do HRC and the CF have ties to certain Indian businessmen, who, in many instances, have been routinely accused of pedophilia?
Question 5-013

Hello, Mrs.

Thank you for standing by your man through all of this. You two are heroes.

Do you think “Russophobia” is justified? I know the media is blowing up Trump’s statement way out of proportion, playing on people’s fear of Russia.

How do people just pass up the DWS/Kaine switcheroo??

How do we wake people up to just how fucked HRC is? Just continue the /cfg/ work? I love doing it, and the memes, but couldn’t we be doing something more effective?

We are the aggressors against Russia. Russia has no desire to go to war with us, so if they are meddling in our elections (which I believe they are) then it is because they do not want HRC to provoke a conflict which she is likely to do. She is a vicious idiot.

People are naïve and believe there are no revolving doors in politics.

I find your memes are not spreading the way they should because the effort is not yet there. For the most part, you all seem to trade the images amongst yourselves and other select image boards. In order to be effective, you must proselytize. For example:

Start a website aggregating the images/facts and then try to get it linked to Drudge. Shove the images down every news anchor/journalists throat. Push out to people who you normally would have nothing to do with.

HRC and Correct the Record invade your circles. Why don’t you invade theirs?

Question 5-014

FBI Anon. I love you. But you lied to us.

You said there would be happenings at the conventions, and I have been disappointed in what I saw.

I made an estimate, and I was wrong. I have repeatedly told everyone that I am no fortune-teller. In my world, predictions are made, probabilities are assessed, and we act upon them. For example, we were worried about the Day of Rage a few weeks ago. Many of us stayed home, then nothing happened. This happens more often than you think. We have had plenty of reason to suspect incidents at the RNC, and even more so at the DNC. The fact that nothing happened is great, by my standards.
**Question 5-015**

That quote by Bishop Sheehan needs a little clarification: Oil was not discovered in the Middle East until 1938, and not developed until after WWII, which is when the Brits and the West recognized Israel as a country.

There is obviously every reason to assume the two are connected and that it is oil, and not Israel that is the bigger deterrent to peace.

Secondly, Jews were the enemies of every nation long, long before WWII.

Third, Muslims were the enemies of the West long before WWII.

So, Sheehan is wrong on three counts.

Islam at one point in its history was a strong, ideologically powerful, learned, and advanced culture. Had it continued, it would look very different. We could get along with them.

However, the larger point is our affairs in the Middle East were not even problems until Israel came along. We may never have liked the Muslims, but rarely were we in open conflict with the entire ideology.

---

**Question 5-016**

Did you catch the threads of the Dutch shell corporations whistler blower who alleged US and Shell is buying oil from ISIS? Is HRC connected to that?

No, but I would not be surprised.

---

**Question 5-017**

Is there any sign or reference of Moloch/Minerva in the CF? Any occult or weird symbolism?

Plenty, if you know what to look for.

---

**Question 5-018**

On a scale of 1-10, how involved is Epstein with the Clintons and sex trafficking?

There seems to be strong correlation with Bill and Jeffery running something illicit when the money Epstein is traced back to the Clinton Foundation in ’08.

10, and your second point is the truth.

---

**Question 5-019**

Pertaining to the task for tonight, does the fact that Twitter is down over there have anything to do with that?

No.

Just look at her record for all of her warmongering.
Question 5-026

1. Are you FBI Anon?
2. Are any investigative departments finding any incriminating information? You don’t have to say what, but are things piecing together on your end?

1. Yes.
2. We have everything. Trump has many things. You may ask your “Why doesn’t Trump unleash everything?” or why doesn’t Flynn (who I know knows enough to indict her) saying anything? The same reason I cannot. If the truth came out, you all may believe. But who else would? It is too dark for anyone to stomach.

Question 5-027

>we will find deeply incriminating evidence of wrongdoing, and the Clintons will get off on a technicality

Why? Why doesn’t someone just throw their asses in jail already?

When the Clintons first went into office, Bill Clinton used his authority to force the FBI and other departments to hand over dirt files on everyone in the government. HRC spent hours reading them, and then all of these documents miraculously disappeared. They know everything about everyone in their circles, and they use incredible amounts of leverage to keep people silent. Think House of Cards.

Question 5-028

>Islam at one point in its history was a strong, ideologically powerful, learned, and advanced culture.

Ok, now you are talking bullshit.

Then how did it come to dominate almost all of the world at one point in history, and position itself at the forefront of math and science before plunging itself into a dark age?
Question 5-029

>Start a website aggregating the images/facts and then try to get it linked to Drudge. Shove the images down every news anchor/journalists throat. Push out to people who you normally would have nothing to do with.

This, along with your other suggestions are excellent. However, this places is missing two key elements:

1. The energy, as you observed. Whoever was chucking CF image macros all over the place the other day had the right idea in terms engendering the meme energy. Content was good, and the style of humor was almost there.
2. Tactical things like making a website and getting it linked on Drudge almost invariably has to be done by a small break-off group via a semi-private venue. That’s just how these kinds of operations work.

However, if one were to make it retard easy to send a form email or something to targeted anchors in a matter of 5 clicks or thereabouts, then there’s a possibility of getting traction from the masses in a place like this.

The bottom line is, you cannot keep shouting in an echo chamber. Your words/images are weapons. Use them as the media does. You see evidence all the time of people pushing narratives. They are no more or less capable than you.

Question 5-030

What is the important duty for us tonight?

See earlier responses.

Question 5-031

Does the human trafficking have to do with keeping people in line?
Is that aspect of the CF the place where people get vetted/get their membership in “Hydra”?
Is the child trafficking for blackmail/dead-man’s switch/enforcement files as well as recreation?

1) Yes.
2) Yes.
3) Yes.

Question 5-032

Look into Muhammad Yunus *cough cough*

Correct.
Question 5-033

Sorta unrelated, but what is the best way of getting into the FBI or government analyst work in general?

Normally, we find you. But if you really want in, get good physical shape, remove your social media accounts, apply, get in touch with recruiters, and prove yourself. Intelligence agencies are a job just like any other.

Question 5-034

“So at this point, there’s no reason to not tell us. Don’t cop out.”

“He said at the beginning that he has a wife. He has a reason to be ambiguous.”

I have explained this already.

Question 5-035

We should be spreading memes to /r/HillaryForPrison and /r/The_Donald subs on Reddit. Communities there are less...ostracized from the rest of the internet than /pol/ is.

For example, Google censoring Trump from searches for “presidential candidates” was first discovered in /TrumpGen/ and posted on The_Donald. It was featured on Fox News the next day.

Good idea, but it is also necessary to spread information on left-leaning sites. Tumblr is a good place to invade.

Question 5-036

Are there any questions we haven’t asked you that we should?

Of course.

Question 5-037

>10, and your second point is the truth

Wonderful, I went on a frenzy about that in the first editions of /cfg/.

Follow up set of questions: What connection does Cheryl Mills and the BlackIvy group have to the Foundation? More sex slaves, or the possibility of blood diamonds, slave labor, and jungle work? Mills was allowed to keep her clearance after she left the State Department. Seems suspicious she is on the board of the CF and running a “development” group.

Mills is almost as important as Abedin. Where did Mills work before joining the CF?
IMO, stating the obvious here, but we should just meme blitz everything we have got tonight. Do a takeover of any pro Hillary tags.

That is correct. Is there any way to get your message in front of the DNC floor? I would guess you all can find a way.

So, Bradley Manning, Snowden, Assange etc. should have just kept their mouths shut, right? I have a wife and two children but if I had information that could save this country I would hide them and fall on my sword in the most spectacular way possible.

No more fucking excuses for cowardice.

It is not possible. When you are in the purple, it is a small world, and your movements are much more scrutinized than most. The only relevant leaker was Snowden, and even he only leaked a small amount of info. The real leaks are never reported is the MSM. Our new is a PsyOp, do you honestly think these stories are meant to be informative in any way?

What does Kosovo represent on the geopolitical chessboard?

It refers to open declarations of regime change.

> The bottom line is, you cannot keep shouting in an echo chamber. Your words/images are weapons. Use them as the media does. You see evidence all the time of people pushing narratives. They are no more or less capable than you.

Yup, exactly. I’m just pointing out that we have many of the pieces in place here, but not quite the conditions for it to take off in the desired fashion.

It’s helpful for you to be making these threads, though, as it having an echo chamber in the first place is a prerequisite to synching into effective spreadables and spreading.

Correct.

How likely do you think an assassination on Trump is?

50/50, honestly. There is a strategy to T running as a Republican, even though he could just as easily pushed as a Dem.
Question 5-044

Any other exorbitantly rich families we should be looking into other than the obvious
Rockefeller, Rothschilds, Saudi senpai etc?

Gates, Buffett, Soros, African kings, the Royal family.

Question 5-045

>dirt files on everyone in the government

Jesus wept. It’s the Hoover files all over again.

It’s even bigger.

Question 5-046

Why should I believe you?

I’m not interested in what you believe.

Question 5-047

“> Tumblr is a good place to invade.

Oh man and they'd get a rude awakening since that's an echo chamber to end all echo chambers.”

“I looked at it recently.

Tumblr is split in half right now, arguing about whether or not it’s okay to support Hillary.”

“Then we tip the scales.”

You are all on the right track. Tonight is the best night of all.

Question 5-048

Is the GOP as corrupt as the DNC?
Is Trump as dirty as the Clintons in this?
Is he a morally good person?

It is, but not as blatantly corrupt.

Trump is dirty, but not nearly as much as HRC. Trump's dirt involves typically
business/billionaire things, evading taxes, bullying people to get zoning, trying to use
eminent domain, etc.

Question 5-049

Is it true that Abedin is into castration?

Not that I’m aware of.
### Question 5-050

I think I know what FBIAnon is getting at. He want us to blitz Twitter, Tumblr, and all social media with memes on the Clinton Foundation tonight, on the last night of the DNC. We should get on it now, sooner the better. We need TrumpGen with us, and the meme division blasting the Tumblr tags. Bring up the old methods that /b/ used to use during their Tumblr raids. We’re going to war tonight.

You are 100% correct.

### Question 5-051

I feel the same way. Read Susan Lindauer’s book “Extreme Prejudice” recently and as I was reading I kept wondering why she didn’t contact a reliable news agency, go live, and warn everybody. She had credentials, she had proof in the form of documentation...I just don’t get it.

Credentials mean nothing. Proof means nothing. Elisa Lam had proof of something, but no one got a chance to listen to her. That is what is likely to happen should I even consider going public.

### Question 5-052

Serious question about Twatter, and I welcome all other answers. I want to participate badly in the meme-krieg tonight, but I don’t have any real means of getting a throwaway phone, and I have a semi-important regular Twatter account for a not-so-serious “business” endeavor.

Can I safely just activate a new one, plug only hashtags and tag people, and post pictures? Bans on Twitter are per account, not phone number, right? They haven’t gone full SS?

I am not sure. I have no social media accounts.

### Question 5-053

What kind of friendship did/does Trump have with Epstein?

Trump has made friends with virtually every person in major American corridors of power. His association was out of necessity, not of desire.
Question 5-054

>Do robberies typically end with people getting murdered and no goods stolen?

But you didn’t answer the questions you just fed his need to be right by asking him another question. That kid was a 27-yr-old staffer. He was not some l33t hacker. He wouldn’t have access to anything. The fact that he’s even a Dem staffer proves he’s a fucking moron. I mean, just look at the retards they fucking hire? They only hire devout Kool-Aid drinkers. Truth is, he probably didn’t have shit, and this is just you playing up some conspiracy bullshit to have this non-chase a dead end.

Every time you do one of these, you fuck up and reveal more about yourself (unless it’s also a smokescreen). Either way you more than likely don’t know shit and are using /pol/ as your personal army.

>5 AMAs
>gives nothing concrete
>"but anon believe me I could lose my job and my life"
>"but anon it’s crucial you keep digging"

Staffers have security clearances when they need to access classified information. He had a clearance, he did know things.

People like you are how I know my strategy works.

Question 5-055

Meh, you’re a faggot. If you are real, your duty to your country comes first. Fuck your contracts and oaths.

My oath is to protect my country’s secrets, which, believe it or not, involves more than just HRC. Oaths mean something to us, and while we get frustrated that we cannot openly state the truth, we love our country even more. Remember the details on the CF can bring down the government.

Question 5-056

Will HRC debate Trump? Or will they use this Russian thing to get out of it? Also, are treason charges for Trump real?

She will try to weasel out of it, or get questions pre-screened, or try to go on stage after him, but Trump will not likely let it slide.
**Question 5-057**

Should we focus more on getting her indicted, or on her losing the election, for right now?

What is the most sheeple-friendly (not totally horrifying, not so bad nobody can believe it, instantly accessible/easily summarized/symbolized) red-pill on the CF that will make her unelectable?

*Bring up the old methods that /b/ used to use during their Tumblr raids.*

Fuck it, why not recruit /b/ into triggering “blue-haired landwhales”?

Pitch it as “Operation Civil War: Tumblr is split right down the middle on whether to support Hillary or Sanders. This is our chance to turn Tumblr to the ground. Best of all, they’ll do it for us. Spam 1, 2 and 3 tags with X, Y, and Z, sit back, relax and listen to the screams.”

> friendly red-pill

Her record on starting and supporting wars. Libya being the most prominent example.

**Question 5-058**

Any connection to Gates Foundation, CF, Big Pharma, weaponized cancer, tainted polio/malaria vaccines, Africa, Dr. Mary Sherman, fucking Oswald...?

Is Kissinger involved with the CF kiddie trafficking? Harking back to the Blue Grotto days.

These threads really fuck with my head. Collusion theory overload.

> Zika, Abbott Labs, Gilead.

**Question 5-059**

What’s the best way to overcome the unwillingness people have to confront just how evil all these fuckers are?

*Repeat something often enough and it becomes the truth.*

*Repeat after me: Hillary is evil and will destroy the planet.*

**Question 5-060**

Trump’s dirt is basically the stuff he admitted onstage in the debates? Kek.

*Exactly.*

**Question 5-061**

How much does the video on YouTube “Clinton Cash” explain? Did it show a large portion of the corruption or was that merely the tip of the iceberg?

*Just the tip. The only relevant and mostly unheard of part was the Haiti section.*
Question 5-062
What is the owner of Tapad, Are Helge Traasdahl’s relationship to all this? His name popped up a bit in the DNC leaks.

Yes.

Question 5-063
Was Bernie just controlled opposition all along, or did HRC threaten/bribe him?

Bernie was bought out.

Question 5-064
Do the Clintons take money from the Mexican govt? And if so, what do they give in return?

Not to my knowledge.

Question 5-065
>What is the most sheeple-friendly (not totally horrifying, not so bad nobody can believe it, instantly accessible/easily summarized/symbolized) red-pill on the CF that will make her unelectable?

Her campaign is being funded by the Saudi Arabian royal family? You know, the guys who think women are property and promote “female circumcision”/genital mutilation (The removal of a woman’s clitoris and the sewing of her vagina shut).

It’s pretty grisly and hits women right in the ovaries, while at the same time is entirely believable and an objective fact.

This is also good.

Question 5-066

“We have hordes of memes in the meme division. Fresh OC coming up every day.”

[Links to some dank memes]

“Get it from a /cfg/ Meme Division thread...”

[more meme links]

Don’t forget to use these in non-/cfg/ threads. It’s good to keep /cfg/ threads focused, but you’re not going to get much pick-up if only the people who focus on /cfg/ threads see them.

Trump generals worked well as meme machines in large part because they were just fun-posting centrals much of the time and only had occasional bouts of serious discussion, and much of the serious discussion was provoked by dissenters wanting to argue, thus provoking further spread.

Great ideas.
Question 5-067

1. Who are you? Is there a summary or cap of an earlier thread?
2. Is there proof you are who you say you are?

>answered in the first thread

Question 5-068

Something I’ve noticed is 4chan rising and becoming effectively a powerful secret society.

Is that the intent of all this? Position us in the intellectual system to better control the world?

If you truly wanted to end this, I can’t help but feel like publicly killing these people one by one would discourage this behavior again. At least by attaching “consequence” to their action.

I can see myself as providence and am willing to give my life to it, but you have personally told me killing Hillary will change nothing? Why?

No. My personal goal is to make sure HRC never gets elected. /pol/ is simply one of the last bastions of free speech on the internet.

Question 5-069

You keep fucking up. I RP’d as a CIA analyst and convinced everyone, because I knew when to fucking quit. This is apparently the most attention you have gotten in your life so you keep coming back to the well.

>b t dubs: “explain spurdo.” That was me.

You really screwed the pooch with the Islam thing, and the “WikiLeaks is a Russian op” meme that only started a few days ago and has been pushed by butt hurt democrats.

But the Islam thing is where you fucked up the most.

Also, you fucked up on hiring practices. Best way to join the FBI is to have a clean record, good grades, and get an accounting major or an MBA. Multilingual helps a lot, too.

If you ever get caught out on this I predict you will say “I was doing it to motivate people to spread memes and defeat Hillary” just like the twats on Facebook with fake near-rape experiences say “it was to raise awareness”

[I didn’t want to leave this page half blank, so I put the answer on the next page]
Answer 5-069

> You really screwed the pooch with the Islam thing, and the “WikiLeaks is a Russian op” meme that only started a few days ago and has been pushed by butt hurt democrats.

Right.

> Also, you fucked up on hiring practices. Best way to join the FBI is to have a clean record, good grades, and get an accounting major or an MBA. Multilingual helps a lot, too.

I have said as much. If you’ve been paying attention, I also said I have two degrees in business. In the end, I have done more to damage HRC than you are going to damage me, and therefore I am winning.

And I have said, and will continue to say, more leaks will come. The time is not right yet. Expect an October Surprise.

Question 5-070

Is Trump a good boy? As in, as good as someone possible can be given his status and so on?

Yes.

Question 5-071a

> Her record on starting and supporting wars. Libya being the most prominent example.

Also this: [http://www.foxnews.com/politics/2015/10/06/emails-show-qadaffi-son-offered-talks-but-clinton-ordered-top-general-to-not.html](http://www.foxnews.com/politics/2015/10/06/emails-show-qadaffi-son-offered-talks-but-clinton-ordered-top-general-to-not.html)

Question 5-071b

Anon, in one of the threads related to DNC leaks said that Are Helge Traasdahl is involved in election rigging. Hot or cold?

Hot.

Question 5-072

How many people has the CF had killed in this election?

At least 14.

My time with you all is over, for now.

I know many of you are looking for more substance, and it will come. The intelligence agencies do not love HRC, and they are not happy with her actions. They will leak highly sensitive information. Expect and October Surprise, if not earlier. Have faith, keep digging. I will be back in a month or two for more questions.

Tonight, my wife and I have challenged each other to get through HRC’s speech. Needless to say, quite a bit of alcohol will be necessary for this endeavor.

I wish you all well in ruining this night for the DNC. It can be done, and I hope you find a way. I will be watching.

[End of AMA 5]
AMA 6
Pre-Debate Clinton Case AMA
September 25th, 2016

Ask away.

Question 6-001

The Cohen Group: hot or cold?

Was Hillary involved in Richard Holbrooke’s death, or was it just an accident?

In March 2014, lots of gold went missing in Ukraine. They were reportedly flown away to the United States. Are Clintons and their clique involved in this shit? What is Pinchuk’s role? Any other Ukrainians we should look into?

1) Hot.

2) Holbrooke died of natural causes. A rare problem, yet, but unfortunately no foul play involved.

3) They were *reportedly flown to the US, but most of it went to China. There is a reason why China and Russia have been building gold reserves. Anyone involved in the Yakunovich government is of interest.

Question 6-002

What was on those servers she tried to hide?

Many different things. The media has been trying to spin it as “it’s just our drone program”, but there was a lot more. Our covert ops were on there, and many of our operatives died as a result of her carelessness.
Good day.

What is your opinion on the plan to push these topics in the rest of our time (see image attached). I think some of the topics are too hard to swallow for the normie population (e.g. Tavistock, human trafficking) so it would be a waste of energies and time spent on spreading them.

I would rather spread the topics which can hit hard.

In my opinion, the topics which you should focus on in that list should take priority in reverse order. Details of the Clinton’s dirty dealing in China and Haiti are icing on the cake, details which most Americans could care less about because they have no perception of these countries.

Hillary’s health is huge, but the best topic to my mind is her intimidation and silencing of the women Bill has raped/assaulted. These women are numerous, yet few have managed to tell their story, let alone have anyone care. You all can make that happen.

Really hoping for a WikiLeaks dump tomorrow morning. Kek be praised it happens.

We suspect they have something big. Before, I thought they were blowhards with no information, but now I am starting to think they got a hold of something damaging.

Body double is correct. Everything else is pure speculation. Her vision is off due to whatever condition she has.
Question 6-006

FBI Anon, is that you?

Any hints as to foul play speculated at the debates? What kind of MSM leverage do you predict will be levied if (read when) Trump decimates Hillary at the debates?

The debates are (surprisingly) locked down very well. The rules and security are well-established. Of course, the moderators will try several “gotcha” questions on Trump, but that was expected.

Question 6-007

Thank you for your answers. Thank you for coming here and answering our questions. I have few more:

1) Can we, Anons, using only publicly available material, get enough evidence to indict Hillary?

2) The Brookings Institute. How evil is this organization? Is 2014 CHARGE project (combined Brookings and Clinton Global Initiative) used to launder money?

3) Yunus, Grameen family of corporations and human trafficking: Yes or no? If yes: does Norway play a part? Grameenphone and Telenor: worth looking into? Could you name some middle-man between Clintons and Yunus?

1) No, and I have stated this from the beginning. The goal was to make noise and evoke enough doubt about HRC to get the MSM talking. In case you did not notice, they are openly discussing memes and internet subculture in the mainstream. The ironic thing is, they backed off this last week because they realized as they kept talking about it, people kept coming.

2) CHARGE was used for weapons and people.

3) Not sure, truthfully. But if they have associations with the Clintons, they are worth looking into.

Question 6-008

Do you trust Chaffetz?

I know him personally. He is furious over what has happened, but is constrained by the DC beltway groupthink. If DJT gets elected, expect him to unleash his full fury on HRC.
Question 6-009
Thank you for the answer.
In regards to the House Oversight Committee:
Was Pagliano’s Contempt of Congress part of a greater play? If so, what purpose would you speculate that it would serve? How close do you suspect that the House is to uncovering the corruption there?
And just for funsies: What’s your opinion on Trey Gowdy?

Pagliano’s absence to Congress was very deliberate. The plan is to give every person close to HRC immunity have them lay low and “run out the clock”. Then once she gets elected, she will pardon herself and everyone involved, then we will be able to release their testimony. By that time, no one will care, or so they think. We already have his testimony as to what happened, we refused to turn it over to Congress. That’s why we put the poor new guy in front of Congress when they asked for the 302’s.

Never met Gowdy. Watching him on YouTube is fun.

Question 6-010
Can Jimmy Duncan & Chaffetz in Congress be trusted with sensitive information?

Yes.

Question 6-011

How safe do you think T is in regards to Clinton Body Count?

Very. Assassinating major figures is very difficult and very dangerous, especially today. There are eyes everywhere, so the best way to kill someone is to assassinate their character, which is why the MSM constantly goes hard after Trump.

Question 6-012
What country was the Clinton Foundation operating from when they accepted donations?

Ireland.

Question 6-013
Samuel Hoidel. Hot or cold?

He won’t keep getting away with it.
**Question 6-014**

Is the bitch gonna do well at the debate?

No.

**Question 6-015**

Thank you for being a true patriot, FBIAnon.

What are your thoughts on the Combetta connection? Will it matter at all, or be swept aside?

It all matters. The problem is the web is so deep and wide that getting the whole picture is hard. It’s like a lion trying to eat an elephant. You can make progress, but it is tough to eat the whole damn thing.

**Question 6-016**

What about the rigged polls?

How will you combat that in the public’s mind?

I know the technique is called gas-lighting, which is to push a false narrative long enough until people believe it, even though it doesn’t correspond to the reality around them.

I know a lot of Trump supporters that feel that Hillary will win because of what the polls say. However, we know that Trump’s online support on Social Media is way beyond Hillary’s. Also, Trump’s rallies are way more populated than hers.

How can we or Trump’s camp fight the fake polls and gas-lighting techniques?

#NeverHillary

[Since this question and answer are long, I’m moving the answer to the next page. Normally I try not to break these up between pages, but I don’t want to leave an almost entirely empty page.]
>rigged polls?

If the election were held today, the result would be ~15% HRC and 50% DJT. The other 35% are independent/undecided. So yes, HRC will try to rig the polls, which is why Russia is getting blamed for messing with our election. Of course, they are meddling, but they have no real effect. We will simply blame them so Microsoft can gain total control over the machines and make sure the vote is counted “properly”.

>How will you combat it?

I do my part by coming here and answering questions. It has been a while, and unfortunately the investigations have stalled so I am not very helpful, but you guys collective are fighting against the negative perceptions. Everyone thought they couldn’t make a difference, now the MSM is openly trying to frame this board and others as right wing extremists to discredit us. That should send a clear message as to how threatening this board actually is.

>How can we or Trump’s camp fight the fake polls and the gas-lighting techniques?

>What about rigging the electronic elections, like the voting machines?

Volunteer to be a Trump election watcher. Try to set up an organization which will conduct independent exit polls (many states no longer require them since most of them showed the Democrat primaries were rigged).

Do you know Gowdy personally, too? I imagine he will be unleashed as well.

No, but he isn’t having any of her shit.

What about the supposedly dead FBI agent who was arrested at Trump Tower about a month ago? Any truth to that? Was it an assassin as /pol/ suspects?

No, just some idiot kid.
Question 6-019

Current odds of Trump winning in your opinion?

[Praise Kek]

95% probable Trump victory.

Question 6-020

Again, Thank you.

I have to wonder though, is the hiding of the 302’s something the FBI is actively trying to do? Or are you under the gun, so to speak?

What can we do to help the House get the information it needs?

We are stalling because we are stalling. I wish I could explain to you how it works.

Imagine I have three guys working on a project. It’s in the purple or SAP-level, and none of them know who is working on said project with them or what the big picture looks like. They’re isolated from one another. I tell two to pause and one to stop completely, the project never gets finished and no one knows why. That’s the type of stuff going on in the department right now. Because I am a big picture guy, I know it’s to stall so HRC can run out the clock.

Question 6-021

How safe is it for you to talk to /pol/ repeatedly like this? Is there a chance someone else with your skillset will be tasked to track you down based on your clearance level and computer habits? This is assuming these FBI Anon threads are one or a few Anons, rather than a mixture of roleplaying faggots.

Do you feel the more you post, the more danger you may put yourself, or do you feel comfortable in maybe the incompetence or apathy of anybody who’d try to track you down?

Do you know who posted the photos from Pagliano’s no-show?

[Again, answer is on the next page. These people are getting WORDY this AMA]
Answer 6-021

> How safe is it for you to talk to /pol/ repeatedly like this? Is there a chance someone else with your skillset will be tasked to track you down based on your clearance level and computer habits? This is assuming these FBI Anon threads are one or a few Anons, rather than a mixture of roleplaying faggots.

Last time I made a thread (which was a few months ago, I don’t remember exactly) things got a bit too close. People started asking questions, but most people from all over the government don’t suspect anyone because I make sure to post enough nonsense that no one will believe or take seriously. Nuggets of truth.

> Do you know who posted the photos from Pagliano’s no-show?

No.

Question 6-022

How pissed are you guys at Comey?
Could you name some companies/people/events we haven’t looked into already but are worth digging?

1) Most senior Intel guys are furious with Comey and DOJ in general. Grunts at the bottom are confused and do not know enough.

2) What was the organization that put together that ad for HRC with all the celebrities?
   What major figure who endorsed HRC has business interest tied to the Clinton Foundation?

What constitutes Mark Cuban’s net worth?

Question 6-023

Are Bill and Obama actively working against Hillary?
If she fails miserably, will they try to eliminate her to bury the Foundation scandal forever and protect those implied?

No.

DJT will put her in jail.

Question 6-024

Was Hillary involved in Scalia’s death at least? Does the Clinton kill list theory have merit?

Not sure about Scalia. The Clinton Kill List is very, very legit. Some are natural causes, but the ones that seem too outrageous, actually are. I forget his name, but the one who claimed to be investigating the Octopus who ended up in a duffel bag locked from the inside, he was investigating the Clintons.
Question 6-025

God. If they actually try to rig this election and pin it on a foreign power that would be incredible. I can’t imagine the way that would rip this country apart. Would the FBI do anything about it?

I don’t know, honestly. So much of my faith in the system has been destroyed this past year.

Question 6-026

Thank you.

To this end, I’d reiterate the second part of my question: Is there anything that we, and by extension; the American people can do to prevent this investigation from stalling? Chaffetz, Gosar, Gowdy. They’re onto something and they know it. They need help though.

Keep making noise and bringing people on the board.

Question 6-027

Does the lord and savior have any “gotcha” stumps for tomorrow?

Is there going to be anymore happenings soon?

Will there be any unscheduled breaks during the debates tomorrow?

> Does the lord and savior have any “gotcha” stumps for tomorrow?

I fully expect him to bring up Bill’s past, along with HRC’s ties to the CF.

> Is there going to be anymore happenings soon?

Keep an eye on Russia.

> Will there be any unscheduled breaks during the debates tomorrow?

It is hard to say with certainty.

Question 6-028

So, I assume you don’t know of anybody else in the agency who feels the way you do about all this? Do you talk about /pol/ or your true feelings about HRC with anybody else or do you keep that to yourself? (For your own safety?)

Many of my colleagues openly discuss 4chan. We share our thoughts in private, but most of us know what she did was illegal. Even basic intel people have briefings that can last for 10 hours telling us what we can and cannot do with information. You do not need intent to prosecute. We are told this every day. We can be negligent and still get fucked.
Question 6-029

From your words, it looks like Hillary will get what she deserved.
How long will it take after Trump is elected?

I cannot say for sure, but I expect it will be a major issue at the forefront of his presidency.

Question 6-030

Good to see you safe and sound. Thanks for coming back.

1. Has what we been doing been effective? Have you heard of us and our work in the circles you travel in? Does HRCs campaign know of us? Are they afraid?
2. Will the bankers let the global economy collapse this year? If HRC is elected she can be the savior to guide us through it, if DT is elected they will blame it on him.
3. Can HRC actually make it 90 min without having an episode?
4. Have you or your colleagues’ efforts to leak through seedy porn sights been successful?
5. In reality, what are the TRUE polling numbers for Trump, HRC, Stein, and Johnson?

I have answered most of your queries in previous posts.

Question 6-031

What is your opinion on the Bad Self Eater phenomenon?
A DoD funded project under the Minerva group?
A pentagon study to do research on this and other sites?

The DOD is interested in how the internet is having effects on human interaction and psychology.
Question 6-032

Were you the one who posted a sole comment recently on:

- Norwegian shipping companies and human trafficking
- The Cambodian ties
- The our efforts are paying off and has delayed one of the Clintons’ October
Surprise?

No.

Question 6-033

How accurate is this:

It seems pretty close to your AMA’s before.

I hope your wife is well.

100% accurate. My wife is well, though she doesn’t like when I do these anymore. She
doesn’t want me to get suicidal.

Question 6-034

How important is /pol/ seen? Are we looked at as being influential or just seen as a
fringe movement?

Do you think civil war or some sort of global conflict is likely if Clinton is elected?

Would the MSM start trying to psychologically frame frog pictures off the internet if they did
not believe it was affecting the course of political events?
**Question 6-035**

Are recent Bahama leaks worth looking into? How many people from government are having their millions there?

Should Doug Schoen/Victor Pinchuk thing be pushed more? Can we find any dirt on Victoria Nuland meddling in Ukraine?

> Are recent Bahama leaks worth looking into? How many people from government are having their millions there?

Could not tell you.

> Victoria Nuland

You are on the right track.

**Question 6-036**

Last question:

What do you think about all these posters that allegedly leak information and are “insiders”?

We had:

- A Fabian Society poster
- High Level Insider
- Anon 5 with the “knowledge bombs”

[Links to Anon5 thread]

The “insiders” are giving out information. Not all of it is correct, some is just fun to think about, other are clearly trying to help me point you in the right direction.

**Question 6-037**

What about the October surprise via WikiLeaks?

I believe it is about Hillary’s emails that details arming the Libyan rebels that overthrew Gadaffi and eventually over ran the Benghazi embassy.

My understanding is that Hillary told congress that she had no knowledge of arms or support going to Libyan rebels. However, if there are emails where she discusses arming Libyan rebels, then it will prove she committed perjury.

Do you know of anything about the WikiLeaks October Surprise?

We can get our memes and research ready to go, once it hits.

Lastly, is Hillary arming rebel groups in Libya and Syria worth any time researching?

Thank you again!

#NeverHillary
Answer 6-037

I suspect your conclusions are correct. But I do not know what WikiLeaks has, and am very much looking forward to reading their material.

Question 6-038

If USA goes Trump anti-globalist, do the globalist leeches find a new host? Like Germany/EU?

Try China.

Question 6-039

Which are the best websites on the darknet to get quality intelligence on Soros and Clinton?

Not sure.

Question 6-040

Obama using Pseudonym on Emails?

We leaked this. It just goes to show how corrupt the whole of government is.

Question 6-041

Was the VIP email stonetear was trying to wipe from email headers Obama’s?

Yes.

Question 6-042

We’ve seen quite a few attacks in the last week or so:

MN knife
NY/NJ bombing
Turkroach mall shooting

Are any of these false flags?

Also, is the BLM thing backfiring on Soros and Illary? It certainly seems like it. Is that just due to President Trump’s persuasion abilities?

Bombings were false flags, everything else is media hype. BLM is a waste of time. The crime rate among blacks is virtually unchanged, it has always been high, the only thing different is the media attention.

Question 6-043

This isn’t related to HRC, but I would like to know: is the Alabama gas pipeline break a result of an attack?

Yes.
Question 6-044

If you can personally expose Clinton. I want you to know something.

I don’t care if you have a family who you love.

All of us do.

If you regard your oaths, if you regard your duty as an American.

If YOU personally can save our country, then you need to do it. You need to expose everything to whoever you can, to congress, to the public, to the people.

You need to take the bullet. Because that is what I would do in your position.

Hide your kids and your family, go public. Tell people you think that they will come after you and your family as well. Tell everything.

Do whatever the fuck you need to do.

But do it for your country. You would actually be serving your country maybe for once if you did this.

Do what Comey never had the balls to do.

I have tried explaining this, but since some of you are too dense, I will try again.

I could go into my office, pull all the docs (though I would get arrested shortly after), come home to my pc and upload tons of dirt on HRC right here. But do you know what will happen?

Google will remove it, and then this website will be shut down. It will go down with no reason, no explanation, the founders will all be investigated by the DOJ, and though they may not be found guilty the harassment will be long enough to stop them in their tracks. Nothing will get done.

Instead, I layer the truth with just enough bullshit to make my story believable. Now, people are looking in, some don’t care, others doubt me, but the bottom line is this board has become a place where anti-Hillary sentiment reigns supreme. And because the anti-Hillary sentiment is so strong, the MSM is attacking this very board because it knows people are coming to see what is going on, and what is going on does nothing to HRC’s campaign.

tl;dr – fuck off
I was sure the debates would be stacked for Hilldawg, but this Lester Holt guy may actually be fair.

Hilldawg, it says, was trying to bully him already but it looks like he might have a spine.

Holt is a pretty stand-up journalist. He knows what his role is.

You are being actively monitored, yes.

How panicked are they by what not only your group, but what /cfg/ has found?

Do you have moles in her campaign & foundation? How about the surrogate organizations who work on her behalf?

[Am really glad I am here for the live thread, usually I just read the screencaps. Really, really appreciate what you are doing and understand why you had to choose “Option 2 – the slow leak”]

The know you won’t find anything concrete, they are worried that you are creating negative perceptions of HRC that cannot be whitewashes (which was the whole point).

We have no moles in her campaign.
FBI Anon,

You have always told us to focus on the Clinton Foundation, and not to focus too much on the email scandal.

I did some research on the Clinton Foundation’s tax returns, and found a lot of issues, especially with the amended tax returns.

It seems to me that the Clinton’s pocketed a lot of the Haiti money in 2010. When it comes to the Clinton Foundation and the Clintons using it as a personal bank account, is there anything you can tell us that we might have overlooked?

Maybe something you have said before, but we have forgotten or been too tunnelled vision to see.

I know the Clinton Foundation started as a project to build Bill’s Presidential Library, but then the Clinton Foundation expanded into something way different.

Also, I believe you getting people to focus on the Clinton Foundation and people bringing to into the public light is why the Clinton Global Initiative shut down.

No more CGI!!!

#NeverHillary

The CF always operates in countries where birth records are difficult to maintain. Let that sink in for a moment.

Question 6-049

Thanks for being here. Will we get to see the immunity agreements the DOJ gave all her aides? Why don’t they have to cooperate in exchange for the immunity?

The can take the 5th or get immunity from us. We grant it because we want to know how deep this shithole goes, and they take it because they believe they will be pardoned. We can terminate immunity agreements if the information prosecutes someone without an immunity agreement, i.e. HRC

Question 6-050

How big of an issue will vote fraud be? Is it better to mail in votes or to vote in person? (I’m guessing it depends on the state and what machine they use, if any.)

It is better to go in person, but it ultimately does not matter because the votes are machine counted.
Question 6-051

> but now I am starting to think they got a hold of something damaging.

**What changed your mind?**

We know the Russians got a hold of something in her servers. TBH, I believe she was planning to start a war with Russia, and that the Russians have given select info to WikiLeaks to help destroy her campaign. Russia is not the greatest country on earth, but they do not want to be at war with us. They world is weary of conflict.

Question 6-052

FBI anon, I've wanted to jump in one of these threads for awhile now.

Being a Filipino Trump supporter in the (((Great State of California))), what's it going to take for people to stop considering people like me as an "Uncle Tom"?

Also, with California- How connected are the Clintons in this state? Speaking from SoCal.

Other people's perceptions of you are irrelevant and cannot be changed.

In SoCal, I cannot say. But I do know they helped push immigrants through the border, just like every other politician. But that is the least of their sins.

[FBI Anon mysteriously vanished after this answer.]

Question 7-006

Are they scared of the next leak(s)? Do they have anything else bad on Trump?

I know they have a tape of him making a lightly off-color remark about blacks, but beyond that, I have no idea. They really can’t find much on him, hence why the MSM has resorted to crafting narratives out of thin air.

Question 7-007

She...she’s legit going to drone him, isn’t she?

She wants to.

Question 7-008

Can you describe your position as an insider?

Refer to my other AMA’s.

Question 7-009

What are the odds of WW3 at this time? What can I personally do as a shut in who can barely even post due to anxiety?

I suspect a major war in the next year or two regardless of who is elected. I had hoped that Trump would be able to bring about more peace, but the people he is fighting are determined not to allow it.

Question 7-010

Is the shit posted on this site legit?

http://www.thecitizensaudit.com/

It is asking the right questions, and yes, many of HRC’s PAC’s and even her campaign solicit foreign money and shadow money.

Question 7-011

Do you have any proof of this shit or are you another shill?

Getting real fucking tired of shills.

I’ve done at least 7 AMA’s dealing with this. I’ve given plenty of information to help guide people to the facts.

Question 7-012

Is she sick?

Yes, most likely with Parkinson’s.
**Question 7-013**

>all the shills ITT

So, how fucked is Hillary in light of the WikiLeaks drops?

Do they still have time to rig the election, or are they fucked at this point?

It depends at this point. The political mood right now favors a Trump landslide. HRC and the global elite have two ways to stop him:

1. Slander him to the point of extreme unfavorability, even with core supporters.
2. Rig the polls.

They are concerned because Trump has brought attention to #2, which was the exact same strategy with Bernie. Therefore, they are attempting #1, but the issue is whenever people attack Trump viciously, his support grows. He maintains strength by always finding a new enemy to attack, and the last month he is pulling out the big guns and naming the true face of all of our problems: large, multinational corporations and their leaders.

**Question 7-014**

Will Obama start shit with Russia to prevent Trump from taking his place in the sun?

No, but the goal is to erode relations to the point where Russia will be withdrawn to whoever is President. Even Trump will not take acts of aggression lightly. Obama will flirt with war as long as he can, just enough to make the Russians think poorly of Americans under any scenario. Then Trump will have much more work to restore relations when he gets in.

**Question 7-015**

What are the bluest states you think Trump will win?

He will win PA and CA.

**Question 7-016**

[Links some comments sections, looks like…]

Do we focus on the WikiLeaks releases, or go back to Clinton Foundation work?

If Hillary is elected, then it will be hard to bring the Clinton Foundation and its people to justice.

We fight hard to make sure Hillary is not elected, right?

Any suggestions on how to red-pill normies on pseudo poll data?

Normies have depended on polling data for so long, it’s hard for them to realize that it is over-sampled. They have a hard time understanding what over-sampled means.

Thanks for everything.

#NeverHillary

Answer 7-016

>Do we focus on the WikiLeaks releases, or go back to Clinton Foundation work?

The next few batches of the WikiLeaks dumps should help answer this. It will start to make sense when you connect the dots.

And, as an aside, when you are reading Podesta’s e-mails, remember that the Clintons deal in weapons, drugs, and people. Some terminology in use is far more nefarious than many of you suspect.

> We fight hard to make sure Hillary is not elected. Right?

You should be.

>Any suggestions on how to red-pill normies on pseudo poll data?

I remember seeing an infographic a while back where someone plotted the oversampling of democrats in polls. That is a very useful tool.

Question 7-017

Does she really smell like sulfur?

She smells like hair spray and cardboard.

Question 7-018

Is World War 3 doing to happen before 2016 ends?

Maybe.

Question 7-019

I keep hearing about the FBI’s opinion of Clinton. But do you know what the CIA are up to in regards to this whole mess?

No. The Intelligence agencies are like modern-day gangs, owing allegiance to no one and cooperating only when necessary and even then, only to a limited degree.

Question 7-020

Will we see any upcoming nuclear/false flags? If any, can you tell us more?

Is Obama or Hillary going to attack Russia before or after the election?

Is Martial Law in the plan, as you are saying Trump is winning?

The Trump Campaign headquarter attacks are all orchestrated. Virtually everything going on right now is a distraction from the imminent threat of war with Russia.
**Question 7-021**

How many people has Clinton killed this year?

*Potentially 20, confirmed 6.*

**Question 7-022**

How fucked is this dude if these findings get proper exposure?

*He will resign shortly.*

**Question 7-023**

So, what’s the Clinton camp most worried about?

*The truth about the disgusting delights of the Clintons and the global elite coming to light.*

**Question 7-024**

CA going red?!

*Most likely.*

**Question 7-025**

If I vote Trump, will I have time to finish my machinist diploma? I have 2 semesters left.

Follow up question: Will Hillary do the 3rd debate?

*HRC will do the 3rd debate.*

**Question 7-026**

Is Clinton into black magic, sorcery, witchcraft, or other luciferin activity, including contact with extraterrestrials for advice guidance?

*Black magic yes. Extraterrestrials, I cannot answer.*

**Question 7-027**

What is your opinion of Anon5’s Knowledge Bomb threads? Is his information legit? Some of the things he says make sense, but others seem really out there (like members of the EU being part of a sex club involving refugees).

*His information is legit.*

**Question 7-028**

Was the lame “uncle tom” thing the racist tape that’s been talked about?

*Yes.*
Question 7-029

Is there actually a video of Hillary saying nigger?

No. But there is one of her talking about how blacks are disgusting and poor.

Question 7-030

Is there any fear (or validity) over the rumored Bill Clinton rape tape?

I am not sure.

Question 7-031

What’s the deal with Mark Cuban? Did he pay to play, or is he just a media shill and trying to rev himself up for a presidential running?

Trump fully intends to clean house in Washington and with the power brokers of major corporations. Cuban wanted some loopholes and goodies to remain, but in private conversations Trump let it be known that he intends to fully wipe the slate clean. Cuban did not like that, so he went full HRC because it ultimately benefits him more.

Question 7-032

> Trump is winning by around 20% with a 5% MOE. The election is a landslide right now, but the MSM is trying to engineer his downfall. Ironically, women voters liked that Trump tape.

Everyone turn back, this thread is bullshit.

Even if I could buy the theory that ALL the big media companies and ALL polling agencies are conspiring against Trump to lower his numbers to demoralize his voters, the fact remains that the US political landscape is almost 50/50, and most of them vote on the party line. 20% is garbage.

You should have said that their polling indicates Trump voters to have a 20% higher turnout rate. That at least would have been believable.

You’re forgetting millions who have not voted before. May polls only sample registered voters or people with a history. Trump will bring in millions who have never voted, including people too shy to be vocal about their support. Independents, which are also a huge shadow block, have also moved en mass to Trump. We have internal polls for our own projections as well, and so do the campaigns and the national committees. I guarantee they all see the same thing: A Trump landslide.

If he was not winning, what would be the point? They could simply ignore him and do what they did with Ron Paul.

Question 7-033

“NEVER believe these larper.”

I don’t, really. I take them with a grain of salt and see if they come true.

I’ve been wrong a few times, but in my job, being right is not a prerequisite. I only plan for things that may or may not happen.
**Question 7-034**

Can you give any more insight into Scalia’s death?

The common assumption is Scalia was murdered to help bring about gun control via another justice. But then any justice could have been sacked. What was Scalia doing before he died? What topic was he interested in?

**Question 7-035**

Okay… Insider. If you answer correctly to this, I will believe you. Do those people await a Messiah coming to rule this New World Order? This, upcoming New World Order. You say Trump will disrupt the NWO, how can this NWO and end time prophecies come to an end?

It depends. The ruling class simply wants to rule over an indifferent mass. However, many do believe that in the end times, a war of ideas will occur and they will prevail through the intervention of a “messiah”. Which makes it scarier because there are powerful people who legitimately believe through mass war and death, peace will come.

**Question 7-036**

Did the GOP leaders pull a coup attempt so they have legitimacy to block him during his first term?

They attempted a coup because they are bought by the same interests as the Dems. They believed it would hurt Trump, but it only makes them look like fools. Paul Ryan’s political indecision is one example.

**Question 7-037**

Vote by mail, vote in person, or other to ensure Trump votes are counted correctly?

Vote in person, always.

**Question 7-038**

What country will start off World War 3?

Will North Korea be involved?

Israel or the United States (expect another 9/11 style false flag).

Question 7-054

>Do you think that even with the voter fraud that’s going on (bussing people around between polling places, tearing up voter registrations, registering dead people) we still have a chance to bear her?

Yes. The rigging works by counting the votes to a higher percentage based on the MOE. So HRC’s votes may count for 1.2 votes instead of one. Therefore, an overwhelming majority will give Trump a win.

Question 7-055

Does Hillary really have outbursts? Is she really demeaning to those close to her? Is she worried she might lose and go to jail?

Thanks!

HRC is awful. I actually had a conversation with a former secret service agent friend of mine (female). She was assigned to Bill back in the day but she hated Hillary, because apparently, Hillary hated the Secret Service.

Question 7-056

What fucking reason do you think CA will go red you LARPing fuck? Where is the proofs or anything in your brain that makes you think CA will go even remotely any other shade than the color of my jeans?

1) Trump will do well with Hispanics.

2) Trump’s LGBT stance has more of an effect on liberal yuppies than you think.

3) California’s population is declining, and only older, more affluent people are voting, i.e. Trump’s primary demographic.

4) The why trump supporter effect will take place en masse in CA.
Question 7-057
If CA is most likely going red, then what about NY?

NY is Hillary’s no matter what.

Question 7-058
What countries are in World War 3?

It will be the US & Japan vs China, India, and Russia. I had previously thought India was on our side, but it looks like they may swap allegiances.

Question 7-059
Is there anything on Obama in the upcoming batches of emails? Also, would appreciate more insight on Scalia’s death. Did we de-code that movie script right?

I don’t know about the e-mails. You’ll have to show me what you de-coded.

Question 7-060
What should we be looking for in the next WikiLeaks?

Evidence of favors for foreign nationals including the sale of human beings.

Question 7-061
Is Hillary gonna “fix” the election or will Trump be allowed to win?

Trump can win, but not without overwhelming support.

Question 7-062
Scalia was about to overturn affirmative action.

And why was that important?

Question 7-063
“WHAT THE FUCK DO YOU MEAN BLACK MAGIC
HOW
WHAT KIND
WUT”

It doesn’t surprise me. The Clintons were tight with Cardinal Bernardin, who was a Satanist. Bill even gave him the medal of freedom or something.

Correct.
Question 7-064

[Screencap of 4chan thread]

#HillaryGropedMe was trending on Twitter early morning before it was deleted.

[Link to external thread]

This thread was derailed with shills trying to discredit the hashtag as Trump propaganda.

[Links to two external threads]

These two threads were posted before the hashtag trending, but don’t know the credibility of these.

Is this all related? Is there anything legit about this we can dig deeper towards?

Encourage them to post info on here rather than the media. It is safer on here because millions will see it, and a few good souls will get it to the right places. Many people will not come forward because they were bought by the Clintons. Going to the MSM may compel them to shoot themselves in the back of the head.

Question 7-065

>What level have you attained?
LVL 72 dungeon master.

>Have you mastered the PoliPsyOps skill tree? What is the final spell?
Maxed out the tree, last spell is telepathic vaginal autolubrication.

>Does Hillary, or anyone in her staff, have access to the Hypautist’s Charm, and are the legends true that the charm gather to the bearer all those of weak mind, and enslaves them to her will?

Hillary is the least charming person on the planet.
**Question 7-066**

Was the Moloch shit ever worth looking into?
I remember the Masonic anon talking about the Owl of Minerva, etc. and the connections to the NOW.

The Owl of Minerva is an important gesture in upper circles.

**Question 7-067**

Good to see you again. Thank you for your first AMA and the inspiration to get this investigation going. I hope your wife is still well.
Last AMA I asked you about the Rothschild AMA. Were you able to read it? What are your thoughts on its authenticity?
When you Duestche Bank fail? Will it be this year?

Thank you, my wife is giddy to be remembered. Too bad these are dark times.

The authenticity of the Rothschild AMA is questionable. Anyone with a supposedly infinite flow of funds would disrupt economic activity greatly.

Duestche Bank has already failed, many of its options are now worthless. There is significant fraud occurring in the accounting.

**Question 7-068**

When and what sort of gun control specifically does Hillary plan to implement? All semi-autos? High cap mags? Certain features?

She intends to do an Australia-style gun control, with strict tax punishments for people who refuse to take part in the system.

**Question 7-069**

> Israel or the United States (expect another 9/11 style false flag)

Are there any indications that point to a general idea of when and what will occur, and what events would have to take place to kick the option off?

If Trump does well in the third debate, expect the hammer to fall soon after.
Question 7-070
Why do you support Trump if you’re a HRC insider? Why do you not support HRC?

I’m an insider on the Clinton case, not with the campaign.

Question 7-071
How is foreign/dirty money funnelling into Clinton’s PACs?
Are they using their 501(c)4’s?

Yes, but sometimes there are 527’s and 4947(a)1’s.

Question 7-072
What’s the deal with all the USS Mason/Yemen drama?

The rebels we supported are firing at us with our own tech because they’re too dumb to realize who sold them weapons.

Question 7-073
Fucking 5:30am here and I am reading this shit.
I will believe you when the 33k emails are leaked.

The NSA has them. It’s just a matter of time before someone hacks them or releases them.

Question 7-074
How likely are the good guy’s chances if Civil War breaks out?

Who knows at that point.

Question 7-075
When did the Jews take over our government? How long ago? I’m talking specifically about Soros and their ilk.

1913.

Question 7-076
What’s something we should look for in the 33k emails (given that we’ll have time to go through them)?
Terms, certain words, money, etc?

Cards.
Question 7-077

> 95% Trump victory.
> His information is legit.

You are not who you claim you are. You are indirectly manipulating /pol/. Regardless, I can tell that you have good intentions.

I do have a question though... Anon.

Do you have any info about any potential Cyber False Flags?

I have not claimed to be anything other than someone with knowledge of HRC’s case.

Currently China is shutting down power in major cities in small bursts to test our power grid. The next false flag may deal with an explosion of a plant or facility controlled by an electrical grid.

Question 7-078

[Image of firefighters]

Serious question,

What would happen if we (significant portion of the US population) protested Hillary stealing the election by flat out refusing to pay any more taxes to an illegitimate and corrupt government until Trump is in and the corruption is out?

It is very likely HRC would institute martial law and permit the military to conduct safety drills against the revolt.

Question 7-079

Why isn’t the FBI doing anything about the incredible amount of criminal evidence about the Clintons and the DNC?

We are. Behind the scenes.

Question 7-080

What are Trump’s true motivations? Is he like any other politician, or is he some sort of idealist with the resources and power to make things happen?

He wants to Make America Great Again. He despises the powerful who have enabled themselves by throwing smaller people under the bus.
Question 7-081

Why is Hillary so evil and corrupt? Why do they really want to destroy America, the place that gave them everything?

They don’t see the world as you do. They live in an insulated world of riches and power, and they do not know what it is like to struggle or live paycheck to paycheck. Even though Hillary did as a child, she is so far removed now it doesn’t matter.

Question 7-082

OP

Is Jeffrey Epstein still deeply involved in CF money laundering and child sex trafficking operations?

Could he have “insurance” against the Clinton’s in the case they try to throw him under the bus?

He has nothing.

Question 7-083

Does Soros have the Spear of Destiny (spear that pierced Christ’s side)?

No.

Question 7-084

What are the benefits to voting in person?

A friend of mine JUST filled out his mail vote, but I can hound him to wait. Will they throw it out?

Voting in person allows you to be sure your vote was cast the way you desire. You never know what happens to your paper after it is mailed in.

Question 7-085

When are we going to see the video where Hillary calls blacks “disgusting and poor”? Why don’t you post it?

I don’t possess it. You will see it in time. It is kind of funny.

Question 7-086

When Trump wins, will he be able to put George Soros in jail?

No.

Question 7-087

Who else has been killed since Rossi/Thorn and your last contact with us?

A man in Pennsylvania who knew about the voting machines.
**Question 7-088**

Serious question: Do you have any clue how AI will impact the world?

No clue, but my wife and I await the arrival of sex robots.

**Question 7-089**

Will Hillary and Obama declare war on Russia this week?

No.

**Question 7-090**

Hello, knowledgeable person.

I once knew someone like you, very kind, very willing to spread information.

What are your thoughts on Assange? Do you think there are bigger, worse things to come from WikiLeaks?

I've always looked at the idea of an American Civil War as silly, for a number of reasons. America's infrastructure is shit and can be easily destroyed, etc.

But do you think it's possible within the next 30 years?

I expect WL has more to come.

If Hillary is elected, Civil War is a near certainty.

**Question 7-091**

> China
> India
> same side

They have been making deals with Russia, and by proxy they will warm up to China should the US pose a serious threat. Try reading the news.

**Question 7-092**

Hillary hates my kind? (Mexicans)

Can we defeat her if we (Mexicans) join together?

Do you like tacos with salsa?

I actually don’t care for Mexican food.
Question 7-093

What does Assange have on John Kerry?

I have no idea. I am waiting to see what those keys were that they released on Twitter. They are threatening someone.

Question 7-094

I have an actual insider on the core group of the Clinton Camp. We are funded by a very angry group of people hell bent on destroying Soros.

We are responsible for the majority of the leaks. We will also be responsible for the absolute destruction of the Clinton Camp.

I warned /pol/ that Hillary’s camp were having women come forward with false sexual allegations charges, days before it happened.

I also told /pol/ the Apprentice Tapes would never be released before it was announced.

Clintons Medical docs + 33k deleted emails coming next week.

Good job. We await your next moves.

Question 7-095

What’s their endgame for WikiLeaks/Assange? Do they have anything in the works for discrediting or dismantling WikiLeaks?

I do not WL is interested in bringing the corruption of politics to light.

[sic]

Question 7-096

What are the chances that Hillary dies before the end of 2016 because of her Parkinson’s?

Not likely. Death in 2018-2020 after starting war.

Question 7-097

Scalia overturning Affirmative Action would mean the Marxist-Leninist victimization complex of minorities would be over and that argument would be moot for the left, just like gay marriage.

Scalia was also talking about an expansive reading of the establishment clause in January 2016, a month before his death. Which would also hurt the liberal agenda of having an atheistic society with no morals, nuclear family, or patriotic allegiance.

All these Marxist-Leninist ideas have really ruined our society.

That’s the obvious answer. But why does it really matter?
Question 7-098

Just out of curiosity, any good chance of a third party taking any state? I can’t recall a time in my lifetime it’s happened, and it would be interesting just as a novelty.

No third party will take control in America for a long time.

Question 7-099

The way you word it makes it sound like it doesn’t matter who is elected, the global elites will still try to trigger WWIII.

Is this true?

Will electing Trump mean a lesser chance of mass death of WWIII if triggered, or a lesser chance of WWIII being triggered?

Should I enlist in the US Military with Trump in charge?

I have heard many predictions of WWIII manifesting into reality around 2017 for years. If they are true, which events recently seem to be confirming (US/Russia ties getting worse, rumors of war, etc) there is a likely chance of a large-scale loss of life and an opportunity for (((them))) to reveal themselves as saviors.

> The way you word it makes it sound like it doesn’t matter who is elected, the global elites will still try to trigger WWIII.

> Is this true?

Based on recent events, yes.

> Should I enlist in the US Military with Trump in charge?

Yes.
Question 7-100

Wouldn’t this cripple the Chinese economy, given their trade surplus with the US? It seems like they are more dependent on us than we are on them. If that trade line is cut we lose cheap consumer goods like clothing and electronics, nothing really essential, and they lose a very, very large part of their export market (all of NATO). We also export much more food to China than they export to us. How will they survive the war if their goods are piling up on the docks with nobody to buy them, and how will they replace the $15b worth of soybeans?

Savings and production are what drive an economy. China will be hurt by war, but they have savings and a strong production base. Even with a ton of debt, they can pull off a war. The US, on the other hand, is a result of the spend/invest mentality. We have no manufacturing base which can compete globally.

Question 7-101

LARPfaggot or no, I pray for your safety. Today has been full of happenings, and I don’t think the coming weeks are going to be safe for anyone. So, thanks for doing these sorts of things.

Anyway:

If it looks like Hillary is going to lose and she goes into meltdown, what sort of damage control could she or her (((allies))) do before she’s thrown in jail?

And speaking of her (((allies))), are they getting sick of her failing to take down Trump every week with one scheme after another? Like, are they going to “collect on her debts” if she loses before she faces trial?

> If it looks like Hillary is going to lose and she goes into meltdown, what sort of damage control could she or her (((allies))) do before she’s thrown in jail?

If HRC loses, she will be pardoned by Obama. O will then proceed to deteriorate our relations with Russia even further.

Question 7-102

What will happen to financial markets if Trump is elected vs Clinton?

T: increase in utilities, industry, and energy sector.

HRC: Boost to financials and healthcare.
Question 7-103
What’s the Clinton campaign saying about McMullin?

    No one cares about Egg McMuffin.

Question 7-104

> You’ll have to show me what you de-coded.

    Spot on.

Question 7-105

I thought you said you wouldn’t post again until after Nov 8th.

    I don’t remember saying that, but if I did, things always change. I try to limit these to once per month.

Question 7-106

Why is there no EU countries in WW3?
I bet all my shit France and UK wouldn’t miss the chance of being in a full-blown war if they could.

    EU will be in WW3, but the collapse of the EU will render them militarily impotent for the most part.

Question 7-107

If Trump actually wins as handily as you say he can/will, will Hillary and the Dems contest and fight it or will they just accept it?

    They will contest, but a re-check will yield the same result.

Question 7-108

Was FDR malevolent?

    AFAIK.

Question 7-109

What is the origin of the connection between the Jews/Zionists and black magic? How much do you know about this? Is there any truth to the Illuminati bloodlines conspiracy theory, and how far back in time does it go?
Please, if you can, give me anything that hints at HOW you know anything about this. It seems a bit above your level.

    It is above my level. I know a lot of info regarding their movements of people and children.
